Malleable Māra Michael D. Nichols, 2019-02-14

2019 CHOICE Outstanding Academic Title

This is the first book to examine the development of the figure of Māra who appears across Buddhist traditions as a personification of death and desire

Portrayed as a combination of god and demon, Māra serves as a key antagonist to the Buddha, his followers, and Buddhist teaching in general

From ancient India to later Buddhist thought in East Asia to more recent representations in Western culture and media, Māra has been used to satirize Hindu divinities, taken the form of wrathful Tibetan gods, communicated psychoanalytic tropes, and appeared as a villain in episodes of Doctor Who

Michael D. Nichols details and surveys the historical transformations of the Māra figure and demonstrates how different Buddhist communities at different times have used this symbol to react to changing social and historical circumstances

Employing literary and cultural theory, Nichols argues that the representation of Māra closely parallels and reflects the social concerns and anxieties of the particular Buddhist community producing it

Healing, compassion, and spiritual growth are available to us all in this lifetime, right now

Baugher's unique style of integrating social scientific research on caregiving and grief with teachings from Buddhist, contemplative Christian, and other wisdom traditions illuminates how we each can transform experiences of loss and suffering into a path of compassion

Contemplative Caregiving weaves together powerful stories from interviews with diverse hospice caregivers, Vietnam veterans, nurses, housewives, Catholic nuns, those convicted of murder, with the author's own journey toward wholeness in the face of grief and traumatic loss, including the murder of his own mother

Through rich storytelling, teachings on compassion, and skillful contemplative exercises, Baugher invites you to join him in exploring the healing power of contemplative caregiving
