**Happy Schools** Dr. Romesh Kumar, 2025-05-31 Happy Schools is not just a book it is a clarion call a movement waiting to happen It is a call to transform schools into spaces where well being and happiness are as important as learning outcomes The book challenges the status quo and offers a practical framework to reimagine schools as centers of emotional well being alongside academic performance Drawing from real life stories research and global models that have successfully placed well being at the heart of education it challenges toxic myths around success learning marks and discipline and advocates for prioritizing well being in schools This book is for parents who wonder if they're doing the right thing for teachers who feel trapped in a system that overlooks emotional needs and for policymakers seeking lasting reform It is equally relevant for school heads and management teams looking to embed well being into the DNA of their institutions and for students seeking to understand the deeper purpose of education beyond exams and ranks The book is a humble effort to advocate and guide for placing happiness at the heart of schools

**The Emotionally Intelligent College** Aiden Carthy with Ailish Jameson, 2016-02-22 In recent decades there has been increasing focus on the role of formal education in empowering students social and moral development A wealth of research evidence has shown that helping students to develop their social and emotional competencies can encourage students personal growth and can also yield benefits including increased student engagement and decreased levels of drop out However much of what has been previously published in this field has focused on younger students and there has been a lesser focus on third level students

and educators Therefore there is a notable need for a single volume that synthesises the research that has been conducted pertaining to emotional and social skills development in third level learning environments The key features of this text are a synopsis of key theories and research findings related to emotional intelligence and education an outline of potential solutions to the most prevalent barriers that have been found with respect to encouraging emotional and social skills development in third level settings and the provision of a tool kit of simple exercises for use in third level educational settings that are designed to help students develop a range of key aspects of emotional intelligence There are both financial and pedagogical incentives for third level colleges to invest in the provision of students social skills development Therefore the primary focus of this book is to help students and educators reach their maximum potential and in doing so help encourage the development of emotionally intelligent colleges
