Hard Drive Bill Gates And The Making Of The Microsoft Empire:

Hard Drive James Wallace, Jim Erickson, 1993-06 The true story behind the rise of a tyrannical genius how he transformed an industry and why everyone is out to get him In this fascinating expos two investigative reporters trace the hugely successful career of Microsoft founder Bill Gates Part entrepreneur part enfant terrible Gates has become the most powerful and feared player in the computer industry and arguably the richest man in America In *Hard Drive* investigative reporters Wallace and Erickson follow Gates from his days as an unkempt thirteen year old computer hacker to his present day status as a ruthless billionaire CEO More than simply a revenge of the nerds story though this is a balanced analysis of a business triumph and a stunningly driven personality The authors have spoken to everyone who knows anything about Bill Gates and Microsoft from childhood friends to employees and business rivals who reveal the heights and limits of his wizardry From Gates s singular accomplishments to his equally extraordinary brattiness arrogance and hostility the atmosphere is so intense at Microsoft that stressed out programmers have been known to ease the tension of their eighty hour workweeks by exploding homemade bombs this is a uniquely revealing glimpse of the person who has emerged as the undisputed king of a notoriously brutal industry

Hard Drive James Wallace, Jim Erickson, 1993 **Hard Drive** , 2010 Wallace N. WALLACE, 1993-09 Hard Drive J. Wallace, 1993-09 Overdrive James Wallace, 1997-05-02 Praise for *Overdrive* Bill Gates and the Race to Control Cyberspace James Wallace offers many tales of temper tantrums antitrust tussles with the Justice Department and general dirty tricks Microsoft has allegedly played on its competitors The New York Times Book Review Praise for James Wallace s *Hard Drive* Bill Gates and the Making of the Microsoft Empire A stupendous success story This is the most informative book yet on Bill Gates and Microsoft the Washington Post Remarkable This book will make you wonder why you didn t buy Microsoft stock when it went public The Wall Street Journal An engaging almost classic tale of a boy who finds power in gadgets and then won t let go Los Angeles Times Summary: Hard Drive BusinessNews Publishing, 2013-02-15 The must read summary of James Wallace and Jim Erickson s book *Hard Drive* Bill Gates and the Making of the Microsoft Empire This complete summary of the ideas from James Wallace and Jim Eriskon s book *Hard Drive* tells the story of America s youngest millionaire and Microsoft founder Bill Gates In their book the authors have interviewed childhood friends employees and business rivals to present this compelling story behind the rise of this genius who transformed the computer industry By reading this summary you will understand how one man took his passion for computing and transformed it into a multi million dollar world class company Added value of this summary Save time Understand key concepts Expand your knowledge To learn more read *Hard Drive* and discover the secrets behind the success of the most feared player in the computer industry *Bill Gates: Microsoft Founder* Ruth Strother, 2007-08-01 Discusses the life of the man who founded the computer software company known as Microsoft Corporation *The Unauthorized Guide To Doing Business the Bill Gates Way* Des Dearlove, 2010-06-15 Mega mogul Bill Gates is quite simply

the richest and most successful businessman of all time His remarkable vision and obsessive desire to win have created a leadership style radically different to anything the business world has seen before The Unauthorized Guide to Doing Business the Bill Gates Way draws out the universal lessons from Bill Gates phenomenal success and identifies 10 secret leadership strategies that can be applied to any business or career Be in the right place at the right time Fall in love with technology Take no prisoners Hire very smart people Learn to survive Don't expect any thanks Assume the visionary position Cover all the bases Build a byte sized business Never ever take your eye off the ball Want to be the best The secrets of phenomenal success are in your hands Check out the other Unauthorized Guides in this series Richard Branson Jamie Oliver Duncan Bannatyne Alan Sugar and Philip Green *Eloquence of Effort* Indar Maharaj, 2017-09-27 The Eloquence of Effort echoes the merits of conscientious toil It provides an insightful look into the benefits of sustained socio economic effort To convincingly argue that dreams are only achievable through mind numbing toil the writer draws heavily from biographical philosophical economic religious historical and scientific data Work is the mission the multiple rewards are the byproducts he argues Moreover the pleasure resides in the effort not the results Against the dark backdrop of malignancies inflicted on society by unrepentant leeches the benefit of conscientious work is sharply focused The reader is imperceptibly nudged into a higher plane of reality namely purposeful effort regardless of its nature is supremely rewarding The writer forces the realization that regardless of the outcome effort is never wasted Conversely indolence is the bane of progress and the root cause of economic crimes Indeed corruption in all its diabolical forms is nothing but laziness masquerading as diligence and embraced by vacuous minds craving the most for the least Analysis of biographical data sustains the thesis that industry prolongs life inaction truncates it a finding supported by the second Law of Thermodynamics The persuasiveness of the arguments is supported by a wealth of references Together they form the final authority they have given resonance to the arguments contained herein **The Bill Gates Problem** Tim Schwab, 2023-11-14 New York Times Editors Choice A powerful investigation of Bill Gates and the Gates Foundation showing how he uses philanthropy to exercise enormous political power without accountability Through his vaunted philanthropy Bill Gates transformed himself from a tech villain into one of the most admired people on the planet Even as divorce proceedings and allegations of misconduct have recently tarnished his public image the beneficence of the Gates Foundation celebrated for spending billions to save lives around the globe is taken as a given But as Tim Schwab shows in this fearless investigation Gates is still exactly who he was at Microsoft a bully and monopolist convinced of his own righteousness and intent on imposing his ideas his solutions and his leadership on everyone else At the core he is not a selfless philanthropist but a power broker a clever engineer who has innovated a way to turn extreme wealth into immense political influence and who has made us believe we should applaud his acquisition of power not challenge it Piercing the blinding halo that has for too long shielded the world's most powerful and most secretive charitable organization from public scrutiny The Bill Gates Problem shows how Gates's billions have purchased a stunning

level of control over public policy private markets scientific research and the news media Whether he is pushing new educational standards in America health reforms in India global vaccine policy during the pandemic or Western industrialized agriculture throughout Africa Gates's heady social experimentation has shown itself to be not only undemocratic but also ineffective In many places Bill Gates is hurting the very people he intends to help No less than dark money campaign contributions or big business political lobbying Bill Gates's philanthropic empire needs to be seen as a problem of money in politics It is a dangerous model of unconstrained power that threatens democracy and demands our attention *Bill Gates* Jeanne M. Lesinski, 2009-01-01 A biography of the man who created Microsoft from his childhood to his current role running the Bill Melinda Gates Foundation Bill Gates Michael A. Schuman, 2008 Presents a biography of the founder of Microsoft and discusses his role in the transformation of the computer industry and his charitable work as one of the world's richest people **Bill and Melinda Gates** Sally Senzell Isaacs, 2009-07-01 Highlights the life and accomplishments of the founder of Microsoft discusses the history of the company and describes the charitable works done by him and his wife through their foundation The Weapons State David Mutimer, 2000 The proliferation of all kinds of weapons is a focal point for international security This work shows how both the language used to talk about weapons proliferation and the practices adopted to respond to it serve to define the problem in ways that promote policy responses doomed to failure

Groundbreaking Guys Stephanie True Peters, 2019-06-11 An illustrated book of biographies highlighting the inspiring and innovative qualities of forty very different men throughout history for fans of Heroes for My Son and Good Night Stories for Rebel Girls Our history books are full of great men from inventors to explorers to presidents But these great men were not always good men It's time for our role models to change This book pays tribute to Mr Rogers Barack Obama Hayao Miyazaki and more men whose masculinity is grounded in compassion and care These men have varying worldviews and are accomplished in a range of fields but they share important commonalities They served their communities They treated people with respect They lifted others up And they went on to create change inspire others and indeed do great things not in spite of their goodness but because of it These men's stories will educate entertain and encourage the next generation of writers activists entrepreneurs and other leaders of all genders to do better and be better to be truly groundbreaking **Cached** Stephanie Ricker Schulte, 2013-03-18 This is the most culturally sophisticated history of the Internet yet written We can't make sense of what the Internet means in our lives without reading Schulte's elegant account of what the Internet has meant at various points in the past 30 years Siva Vaidhyanathan Chair of the Department of Media Studies at The University of Virginia In the 1980s and 1990s the internet became a major player in the global economy and a revolutionary component of everyday life for much of the United States and the world It offered users new ways to relate to one another to share their lives and to spend their time shopping working learning and even taking political or social action Policymakers and news media attempted and often struggled to make sense of the emergence and expansion of this new technology They imagined

the internet in conflicting terms as a toy for teenagers a national security threat a new democratic frontier an information superhighway a virtual reality and a framework for promoting globalization and revolution Schulte maintains that contested concepts had material consequences and helped shape not just our sense of the internet but the development of the technology itself Cached focuses on how people imagine and relate to technology delving into the political and cultural debates that produced the internet as a core technology able to revise economics politics and culture as well as to alter lived experience Schulte illustrates the conflicting and indirect ways in which culture and policy combined to produce this transformative technology Stephanie Ricker Schulte is an Assistant Professor of Communication at the University of Arkansas In the Critical Cultural Communication series *Industry Studies* Larry L. Duetsch, 2019-07-23 Featuring new chapters on casino gambling and the nursing home industry and updated throughout the new edition of this highly readable text analyzes well defined industries from commodities and manufacturing to distribution and services showing how firms compete with one another Each study gives appropriate attention to government policies that have influenced competitive conditions in the industry and the material is presented without the use of calculus so that anyone with some background in economic principles can benefit from it The book provides balance in regard to the mix of industries dealt with and also in the varying perspectives of the contributors **The Click Moment** Frans Johansson, 2012-08-30 In the story of every great company and career there is one defining moment when luck and skill collide This book is about making that moment happen According to Frans Johansson s research successful people and organizations show a common theme A lucky moment occurs and they take advantage of it to change their fate Consider how Diane von Furstenberg saw Julie Nixon Eisenhower on TV wearing a matching skirt and top and created the timeless elegant wrap dress That was a click moment of unexpected opportunity Johansson uses stories from throughout history to illustrate the specific actions we can take to create more click moments place lots of high potential bets open ourselves up to chance encounters and harness the complex forces of success that follow *CIO* , 1997-11-01
