Children as Agents in Their Worlds Sheila Greene,Elizabeth Nixon,2020-03-09

Are children the passive recipients of influence from their parents and from society Is their development determined by their genes and their neurons or do they have the capacity to think about and influence their own lives and the world around them How does their interaction with their social and material worlds support or hinder agency Are children agents and what do we mean by agency Children as Agents in Their Worlds aims to answer these questions through a critical psychological and relational approach while referencing and critiquing a wide range of perspectives from other disciplines including sociology anthropology and education Greene and Nixon review the pioneering work of scholars of childhood studies and current post human theories of agency and offer a developmental perspective on the emergence of the sense of agency and the exercise of agency in children They discuss key themes including agency in families agency within the school context and with peers and children as agents in the wider public sphere They explore agency and diversity examining sex age genetic inheritance and contextual sources of difference such as social class and geographical location Offering a stronger theoretical base for

research and policy through a synthesis of both psychological and relational theories Children as Agents in Their Worlds will be essential reading for students and professionals in developmental psychology sociology and anthropology as well as education childhood studies children s rights and related fields Childhood through the Looking Glass Vibha Sharma,Ashlie Brink,2019-07-22 This volume was first published by Inter Disciplinary Press in 2016 Children and childhood in the modern world are generally considered synonymous with play laughter fun and frolic To many it is a special phase in life which should be carefree and where the worries of adult life should not cast its shadows This book captures childhood in its myriad hues and examines it through a lense that gives an enriched experience and kaleidoscopic view to the reader

Picturing Childhood Mark Heimermann,Brittany Tullis,2017-03-01 Comics and childhood have had a richly intertwined history for nearly a century From Richard Outcault s Yellow Kid Winsor McCay s Little Nemo and Harold Gray s Little Orphan Annie to Herg s Tintin Belgium Jos Escobar s Zipi and Zape Spain and Wilhelm Busch s Max and Moritz Germany iconic child characters have given both kids and adults not only hours of entertainment but also an important vehicle for exploring children s lives and the sometimes challenging realities that surround them Bringing together comic studies and childhood studies this pioneering collection of essays provides the first wide ranging account of how children and childhood as well as the larger cultural forces behind their representations have been depicted in comics from the 1930s to the present The authors address issues such as how comics reflect a spectrum of cultural values concerning children sometimes even resisting dominant cultural constructions of childhood how sensitive social issues such as racial discrimination or the construction and enforcement of gender roles can be explored in comics through the use of child characters and the ways in which comics use children as metaphors for other issues or concerns Specific topics discussed in the book include diversity and inclusiveness in Little Audrey comics of the 1950s and 1960s the fetishization of adolescent girls in Japanese manga the use of children to build national unity in Finnish wartime comics and how the animal child hybrids in Sweet Tooth act as a metaphor for commodification
