The Books of "Is" Dr. R. Lowery-Hawk D.D. D.R.S. PhD., 2012-08-29 The first Books of IS is full of contemplative designs and graftics along with rhythmic writings All are created to move gently your senses and your brain to stirring you awake and into thinking sensing and obseving the life within you and around you The writings and graphics are meant to be contemplated upon and carried into your daily life so to awaken you to the truth of you and the universe of life here now and beyond here and the now I have also included pages at the end of each chapter for the reader s own inspired writings brought on by the repeated readings and contemplations of the writings and graphics in this book so to assist in the

activation of your creative and intellectual mind right and left brain functions The Books of IS came about after my being mysteriously intuitively guided for over twenty eight years to write down messages of a higher conscious level on truths of life myself and all life in general The writings in BOOK ONE The Dance of Becoming are compiled writings from a higher presence of love that I was receiving during a strong inter sensing to write down what was calling to me This first began occurring during my pre teens then again as an adult during times of great sorrow or and loneliness As an adult and after writing for almost a year the writings began taking on a deeper nature They began to change into messages and memories of truth guidance and gentle love coming forth giving me more of the peace and joy they had been creating within me The desire to write more called often and strongly yet pleasantly to me and the experience of it all was ecstasy I began to realize that I must have been touching down into deeper parts of myself and then rising up to the higher parts of me my Higher Soul I was then feeling such peace joy and knowing that I no longer felt sadness nor loneliness Instead I felt the great desire and joy to experience and to know more It felt as if at these times I was my TRUE SELF I felt complete and all knowing I felt like I was with the Holies of Holies and the Angels Then in the year 1984 I was telepathically told by these Sacred Messengers of a higher power Creator to put all these writings into books and when the time came publish them to aid all mankind all existence From these writings I receive messages and teachings that went beyond mundane and into the higher planes of existence connecting me with the Creator of all principles of all life There I connected with Holy Messengers of various kinds I had asked for validation on all this and soon found myself miraculously being lead to the meeting of those who were Guardians of these ancient long protected Sacred Truths along with findings in old books and other similar occurrences and people These validations ranged from old mystery schools of various kinds to ancient indigenous beliefs on creation and a higher powerful being to more modern religions and scientific findings I also was lead in syn with others who too were receiving similar writings with same truths some written a bit differently In 1984 I was given the spiritual telepathic message that in the future I would be compiling these and other writings into books to be published for the world This was so that many people could be reached more quickly for the quickening had begun They told me that the writings in this book and in others were seed truths selectively and rhythmically placed camouflaged seeming at first to those not ready as stories of mere fantasy so called make believe and sci fi I was told the writings are done this way so to gently but powerfully unlock the encoded truths within those who hear or read them and view the graphics These writings therefore are like camouflaged words codes hidden to many but obvious to those who were ready remembering awakening therefore protected from those who would abuse them and interpret them with mis understanding in a negative way thereby creating too much chaos
