Pacific America Lon Kurashige,2017-07-31 In recent times the Asia Pacific region has far surpassed Europe in terms of reciprocal trade with the United States and since the 1980s immigrants from Asia entering the United States have exceeded their counterparts from Europe reversing a longstanding historical trend and making Asian Americans the country s fastest growing racial group What does transpacific history look like if the arc of the story is extended to the present The essays in this volume offer answers to this question challenging current assumptions about transpacific relations Many of these assumptions are expressed through fear that the ascendance of China threatens a U S led world system and undermines domestic economies that immigrants subvert national unity and that globalization for all its transcending of international cultural and racial differences generates its own forms of prejudice and social divisions that reproduce global and national inequalities The contributors make clear that these fears associated with and induced by pacific integration are not new Rather they are the most recent manifestation of international racial and cultural conflicts that have driven transpacific relations in its premodern and especially modern iterations Pacific America differs from other books that are beginning to flesh out the transnational history of the Pacific Ocean in that it is more self consciously a people s history While

diplomatic and economic relations are addressed the chapters are particularly concerned with histories from the bottom up including attention to social relations and processes individual and group agency racial and cultural perception and collective memory These perspectives are embodied in the four sections focusing on China and the early modern world circuits of migration and trade racism and imperialism and the significance of Pacific islands The last section on Pacific Islanders avoids a common failing in popular perception that focuses on both sides of the Pacific Ocean while overlooking the many islands in between The chapters in this section take on one of the key challenges for transpacific history in connecting the migration and imperial histories of the United States Japan China Korea Vietnam and other nations with the history of Oceania

Ryan Kennedy,2020-04-08 Showcasing the enormous amount of archaeological data available on the experiences of Chinese people who migrated to the United States and Canada in the nineteenth century this volume charts new directions for the field of Chinese diaspora archaeology by providing fresh more nuanced approaches to interpreting immigrant life

Lured by the American Dream P. James Paligutan,2022-10-25 Starting in 1952 the United States Navy and Coast Guard actively recruited Filipino men to serve as stewards domestic servants for officers Oral histories and detailed archival research inform P James Paligutan s story of the critical role played by Filipino sailors in putting an end to race based military policies Constrained by systemic exploitation Filipino stewards responded with direct complaints to flag officers and chaplains rating transfer requests that flooded the bureaucracy and refusals to work Their actions had a decisive impact on seagoing military s elimination of the antiquated steward position Paligutan looks at these Filipino sailors as agents of change while examining the military system through the lens of white supremacy racist perceptions of Asian males and the motives of Filipinos who joined the armed forces of the power that had colonized their nation Insightful and dramatic *Lured by the American Dream* is the untold story of how Filipino servicepersons overcame
