Make Love, Not War David Allyn, 2016-05-23 When Helen Gurley Brown's *Sex and the Single Girl* hit bookstores in 1962 the sexual revolution was launched and there was no turning back Soon came the pill the end of censorship the advent of feminism and the rise of commercial pornography Our daily lives changed in an unprecedented time of sexual openness and experimentation *Make Love Not War* is the first serious treatment of the complicated events ideas and personalities that drove the sexual revolution forward Based on first hand accounts diaries interviews and period research it traces changes in private lives and public discourse from the fearful fifties to the first tremors of rebellion in the early sixties to the heady heyday of the revolution Bringing a fresh perspective to the turbulence of these decades David Allyn argues that the sexual revolutionaries of the 60s and 70s by telling the truth about their own histories and desires forced all Americans to re-examine the very meaning of freedom Written with a historian's attention to nuance and a novelist's narrative drive *Make Love Not War* is a provocative vivid and thoughtful account of one of the most captivating episodes in American history Also includes an 8 page insert

COLOR BLIND Dr. John "Coach" Tice, 2023-11-21 John's Colorblind Journey isn't just a history lesson it's also a personal story about an average person living through amazing times It shows how strong the human spirit is and how people don't let differences stop them from getting along His story is meant to get you to look deeper and accept the values of equality tolerance and friendship that continue to shape our diverse and always changing society If you read John's Colorblind Journey you can put yourself in his shoes and go through an unforgettable period in American history he was born without a sense of color so he never understood the idea of different races He thought that relationship was about more than skin color and this idea would change his life in ways he could never have imagined His story starts in 1969 in West Melbourne Florida when he was a sophomore in high school At the time America was going through a very big change The Civil Rights Act of 1964 had just been signed into law which was a turning point in the history of our country It made it illegal to treat people differently because of their race gender sex or country of birth and it started to break down the long standing system of division As he went through high school he saw big changes around him The Voting Rights Act of 1965 aimed to make it easier for African Americans especially in the South to vote The Fair Housing Act 1968 aimed to stop housing discrimination based on race These were big steps forward for the Civil Rights Movement and his own life happened at the same time as they happened As we go through this book together he hopes his experiences and views will strike a chord with you and make you think about how long Americans have fought for equality and togetherness John's Colorblind Journey is more than just his story it shows how we all should have worked towards a more fair and open society

Color as Field Karen Wilkin, Carl Belz, Denver Art Museum, 2007-01-01 Color field painting which emerged in the United States in the 1950s is based on radiant uninflected hues Exemplified by the work of Helen Frankenthaler Morris Louis Kenneth Noland Jules Olitski Larry Poons and Frank Stella among others these stunningly beautiful and impressively scaled paintings constitute one of the crowning achievements of postwar American abstract art Color as Field offers a long overdue reevaluation of this important aspect of American abstract painting The authors examine how color field painting rejects the gestural layered and hyper emotional approach typical of Willem de Kooning and his followers yet at the same time develops and expands ideas about color and the primacy of color posited by the work of other members of the abstract expressionist generation such as Adolph Gottlieb Hans Hofmann Robert Motherwell Jackson Pollock and Mark Rothko From the fresh historical standpoint of the 21st century this fascinating reassessment ranges across the artists individual approaches and their commonalities concluding with insights into the ongoing legacy of post 1970s color field painting among present day artists

Black,2021-04-12 Since 1966 the Star Trek television franchise has used outer space and the thrilling adventures of the crews of the U S S Enterprise to reflect our own world and culture Kirk and Spock face civil rights issues and Vietnam war allegories while Picard Data and the next generation seek an ordered post Cold War stability in the Reagan era The crews of Deep Space Nine Voyager and Enterprise must come to terms with our real life of war manifest destiny in the 21st century and the shadow of 9 11 Now as the modern era of the franchise attempts to portray a utopia amidst a world spinning out of control Star Trek remains about more than just the future It is about our present It is about us This book charts the history of Gene Roddenberry s creation across five decades alongside the cultural development of the United States and asks are we heading for the utopian Federation future or is it slipping ever further away from reality **Roses at Dawn in an Ice Age World** Rolf Witzsche,2005 Mankind is the child of the Ice Age Our more than 2 million year history extends through the entire Pleistocene Ice Age Epoch We were shaped by the need to be creative to survive and still are Now that our warm interglacial epoch is nearly over we find ourselves challenged to be creative once again as the global agriculture and with it our food supply will be radically diminished once we get back into the Ice Age World Can we protect our agriculture in indoor facilities That sounds like science fiction right It will take a hundred years to do it But will we upgrade our human dimension to do it especially in the way we relate to one another as human beings We are deeply divided to the very grassroots social level and isolated The needed Ice Age Renaissance requires a taller foundation The novel explores the countless dimensions that are involved in breaking the ice in our social domain at the level of sexual and marital division and isolation towards becoming sublime as human beings The great renaissance principles of universal love and of the advantage of the other are threaded through the story putting a new light on sex and marriage relationships and expanding them into the universal dimension This novel is Episode 2B of the science fantasy series The Lodging for the Rose by Rolf A F Witzsche **Summary of Stan Tatkin & Harville Hendrix's Wired for Love** Everest Media,2022-03-04T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The desire for a safe zone is what drives humans to pair up However partners often fail to use each other as advocates and allies against all hostile forces They don t see the opportunities to make a home for one another or to create a safe place in which to relax and feel accepted wanted protected and cared for 2 Jenny and Bradley were about to break up Neither wanted to end the relationship but bad things kept happening and each blamed the other They had started dating as freshmen and were now about to graduate from college 3 In relationships we want to be visible and important to our partner We want to know that our efforts are appreciated and that our relationship is important to them 4 The way a couple handles a situation is very important It is important to understand why a couple functions the way they do and how they came to be as they are The Analyst in the Inner City Neil Altman,2011-08-24 In 1995 Neil Altman did what few psychoanalysts did or even dared to do He brought the theory and practice of psychoanalysis out of the cozy confines of

the consulting room and into the realms of the marginalized to the very individuals whom this theory and practice often overlooked In doing so he brought together psychoanalytic and social theory and examined how divisions of race class and culture reflect and influence splits in the developing self more often than not leading to a negative self image of the other in an increasingly polarized society Much like the original this second edition of *The Analyst in the Inner City* opens up with updated detailed clinical vignettes and case presentations which illustrate the challenges of working within this clinical milieu Altman greatly expands his section on race both in the psychoanalytic and the larger social world including a focus on whiteness which he argues is socially constructed in relation to blackness However he admits the inadequacy of such categorizations and proffers a more fluid view of the structure of race A brand new section *Thinking Systemically and Psychoanalytically at the Same Time* examines the impact of the socio political context in which psychotherapy takes place whether local or global on the clinical work itself and the socio economic categories of its patients and vice versa Topics in this section include the APA s relationship to CIA interrogation practices group dynamics in child and adolescent psychotherapeutic interventions and psychoanalytic views on suicide bombing Ranging from the day to day work in a public clinic in the South Bronx to considerations of global events far outside the clinic s doors but closer than one might think this book is a timely revision of a groundbreaking work in psychoanalytic literature expanding the import of psychoanalysis from the centers of analytical thought to the margins of clinical need *Born Again Hunter* David Dawson Humes,2010-12-27
