*Ketogenic Diet for Beginners* Sally Meran, 2014-09-24 Ketogenic Diet For Beginners A Low Carb Journey towards Better Health Drop the bowl of breakfast cereal Dump the cup of coffee with skim milk down the drain Fry up some bacon and have your morning java with heavy cream instead Wait what What kind of nutritional advice is that The pretty good kind if you ask me As a society we've been taught that fat is bad for us and that we have to eat plenty of whole grains and carbohydrates in order to stay healthy Yet Americans are overweight and plagued with diseases such as heart disease and diabetes And even with obesity on the rise we still reach for the low fat granola bars instead of choosing fresh whole natural food It's time for us to stop fearing fat We need to challenge the belief that eating foods like bacon heavy cream and even butter will increase our risk of high cholesterol and heart attacks By restricting carbohydrate intake to just 30 grams per day the ketogenic diet places a heavy focus on eating a high amount of fat and an adequate amount of protein It encourages you to eat plenty of vegetables meat and full fat dairy if you can tolerate it It forces you to ditch the pre packaged food that is all over food stores these days Most of all it teaches you to make smart food choices that keep your body functioning properly This book will take you through an overview of the ketogenic diet including a variety of diseases and disorders that can benefit from a low carb eating plan an explanation behind why eating too many carbs is bad for us and provide tips and tricks to help keep you motivated So grab a cup of tea with a couple tablespoons of cream sit back and learn how eating more fat can help keep you slim healthy and happy

**Keto Diet: Transform Your Health With The Keto Diet** Matt Kingsley, Welcome dear reader to the beginning of a transformative journey This isn't just another diet book this is an invitation to discover a new lifestyle to unlock the hidden potential of your body's metabolism to witness firsthand the power of dietary change and to ignite your inner fat burning machine This is your comprehensive guide to the ketogenic lifestyle You've probably heard of the ketogenic or keto diet Its popularity has soared in recent years as more and more people discover its benefits not just for weight loss but also for overall health and wellbeing But what is this diet really How does it work and how can you adapt it into your life These are the questions this guide aims to answer In essence the ketogenic diet is a low carb high fat diet It's based on a simple yet powerful principle when deprived of glucose from carbohydrates your body switches to burning fat for fuel This metabolic state is known as ketosis However this book isn't just about eating fewer carbs and more fats It's about understanding why we do it the science behind it and how it affects our bodies
