Magnificent Catastrophe 07 By Larson Edward J Hardcover 2007:

A Magnificent Catastrophe Edward J. Larson, 2007 The 1800 presidential election the last great contest of the founding period was so convulsive and so momentous for American democracy that Jefferson would later dub it America's second revolution America's first true presidential campaign gave birth to our two party system and etched the lines of partisanship that have shaped American politics ever since The contest featured two of our most beloved Founding Fathers once warm friends facing off as the heads of their two still forming parties the hot tempered but sharp minded John Adams and the eloquent yet enigmatic Thomas Jefferson Blistering accusations flew Adams and his elitist Federalists would squelch liberty and impose a British style monarchy Jefferson and his radically democratizing Republicans would throw the country into chaos and debase the role of religion in American life Historian Larson vividly re-creates the tension as Congress was forced to meet in closed session to resolve the outcome From publisher description
