VARSHA DAS,2001 A Story Book **Gender and Narrative in the Mahabharata** Simon Brodbeck,Brian Black,2007-08-09

The Sanskrit Mahabharata is one of the most important texts to emerge from the Indian cultural tradition At almost 75 000 verses it is the longest poem in the world and throughout Indian history it has been hugely influential in shaping gender and social norms In the context of ancient India it is the definitive cultural narrative in the construction of masculine feminine and alternative gender roles This book brings together many of the most respected scholars in the field of Mahabharata studies as well as some of its most promising young scholars By focusing specifically on gender constructions some of the most innovative aspects of the Mahabharata are highlighted Whilst taking account of feminist scholarship the contributors see the Mahabharata as providing an opportunity to frame discussion of gender in literature not just in terms of the socio historical roles of men and women Instead they analyze the text in terms of the wider poetic and philosophical possibilities thrown up by the semiotics of gendering Consequently the book bridges a gap in text critical methodology between the traditional philological approach and more recent trends in gender and literary theory Gender and Narrative in the Mahabharata will be appreciated by readers interested in South Asian studies Hinduism religious studies and gender studies

reveals the vital role dharma has played across political religious legal literary ethical and philosophical domains and discourses about what holds life together Through dharma these traditions have articulated their distinct visions of the good and well rewarded life This insightful study explores the diverse and changing significance of dharma in classical India in nine major dharma texts as well some shorter ones Dharma proves to be a term by which to make a fresh cut through these texts and to reconsider their own chronology their import and their relation to each other **The Triad of Truth:**
