Established in Holiness David W. Biggs, 2020-01-30 God calls believers to not only be born again but to live a holy life Those who stay true to God to the end will be saved God desires that His people stay true to Him and inherit eternal life In spite of the great danger of falling away God's Word Spirit and power provides believers with what is necessary to stay true to God Established in Holiness focuses on the biblical theme of God's call for Christians to be established in their faith and God's call for Christians to not only win others to Christ but to teach them to be disciples who know and obey all that Christ teaches as revealed in the Bible Learn or reaffirm How God changes us when He gives us spiritual life and power The danger of falling away How God keeps and establishes Christians The Role of God as our keeper God's provisions for us to stay true to Him to the end Consider sharing what you learn from Established in Holiness to help other new Christians and all Christians become stronger in their faith and walk with God

Major Cults and False World Religions Steve Urick, 2011-03 Cults and false religions are dangerous They preach a false gospel and lead people into a false spirituality Their victims are kept blinded from the true gospel of Christ while they are held in bondage to whatever false belief system and legalistic practices they must maintain Major Cults and False World Religions reveals several key characteristics that make them unbiblical It also exposes several major false cults and religions that have the majority of the world's population deceived and headed for Hell This book is the result of thirty one years of evangelism work studying comparative religions and apologetic research and debate It will equip you with a basic understanding of what each group believes and how to clearly discern and refute many of their unscriptural teachings and attacks

Primordial Consecution Humilis Filius Del Pater, 2014 For the first time in almost two millennia the original form of twelve New Testament documents has been discovered and revealed to modern man through application of the Shuffled Manuscript Theory This theory states that the very first autographs deteriorated due to excessive use The scroll sheets came apart where glued together and were inadvertently shuffled out of order by the original recipients when taken up read and stored again These originals were later copied out of order for the Church by the subsequent generation of believers They have remained in that state to the present time without any further effort being made to better restore them to their original order as they left the hands of the apostles all due to an inordinate sense of reverence for these holy documents These freshly retranslated documents are now unshuffled and reorganized utilizing the breaks intentionally preserved in the Greek manuscripts by the first transcribers They are presented here in the order they were originally penned This reorganization coupled with a technically literal translation of these documents will wow the reader with new insights Truths long lost that were obscured by poor translating over time become clearly evident Changes in context inadvertently imposed upon the many sections of our New Testament by the first generation are reversed A careful reading of this controversial work is sure to be an enlightening study in and of itself if not like taking a step closer to the ever elusive original autographs Publisher's website

<http://sbprabooks.com/HumilisFiliusdelPater> **Scripture Workbook: Second Edition; 2 Volumes In 1** Gary F. Zeolla, 2011-09-16 This book contains two volumes previously only available separately. It contains forty individual Scripture Studies. Each study focuses on one general area of study. These studies enable individuals or groups to do in-depth topical studies of the Bible. They are also invaluable to the Bible study teacher in preparing lessons. This book is divided into two Volumes. Volume I covers the essential doctrines of the Christian faith. It is these doctrines that separate the true Christian faith from cultic and other deviations. Included here are studies on such essential doctrines as the authority and reliability of the Scriptures, the attributes of God, the Trinity, and forgiveness and salvation. Volume II of this book then covers controversial theologies, cults, and ethics. Included here are studies on Catholicism, Calvinism, baptism, end-time prophecy, Jehovah's Witnesses, Mormonism, sexual issues, church issues, and many more topics. **Differences Between Bible Versions: Third Edition** Gary F. Zeolla, 2012-04-18 This book answers such questions as: Why do Bible versions differ? Why does the same verse read differently in different versions? Why do some versions contain words, phrases, and even entire verses that other versions omit? Which Bible versions are most reliable? This book contains extensive discussions on why the author believes either a literal or a formal equivalence word-for-word translation principle is the best method to use for translating the Bible. These principles of translating are contrasted with the dynamic equivalence phrase-for-phrase and paraphrase methods seen in many modern Bible versions. This book includes detailed discussions on why the author believes the Majority Text is the most accurate of the three Greek texts used in Bible translation. This book also contains an extended section critiquing the claims of KJV onlyists. In addressing these various issues, *Differences Between Bible Versions* compares forty different versions of the Bible. **Evangelism and Christian Apologetics** Steve Urick, 2012-03-09 Evangelism and making disciples of Christ go together and make up the most important work on earth. Why? Because the eternal destiny of people depends upon hearing the gospel of Christ. But many Christians lack basic training to be able to do soul-winning work, defend the faith, and refute false teachings. *Evangelism and Christian Apologetics* contains vital information that can give any Christian the knowledge and confidence to effectively explain the gospel one-on-one and gives clear answers to questions most commonly asked by skeptics and truth seekers alike. Whether you are an older Christian or a new believer, this powerful book will give you the nuts and bolts of evangelism training needed to equip and motivate you to go out and labor in the great harvest of souls while there is still time. **A Believing Critic's Renovated Testament by Humilis Filius del Pater** Humilis Filius del Pater, 2015-12-27 This book embodies timely innovations breaking free from the confines of traditional Christianity: 1) the creative collation of the synoptic gospels into an inclusive narrative revealing all of the facts in one read; 2) a re-visitation of the Canon restricting epistolary content to true apostolic authority; 3) a functionally literal translation which rectifies 600 years of erroneous habits; 4) a translation sourced in the Majority Greek Text since the oldest and best attested text is one with sufficient time to produce the greatest number of descendants resembling itself; 5) the embodiment of Primordial

Consecution where the originally separated and shuffled manuscript sections are restored to their original sequential order rectifying all contextual aberrations 6 this work presents an overall coherent end time scenario resulting from a critical refutation of the authorship and content of the book of Revelation greatly un complicating eschatology The reader of this work will experience a timely refreshing enlightenment of the soul a liberation from the bondage of erroneous thinking and false doctrines and a deliverance from the engendered confusion and inner perplexity that have developed over much of what one encounters while reading the average New Testament *False Teachings and Divisive Movements* Steve

Urick,2013-12-16 Within the realm of professing Christendom many false teachings and divisions exist This is because people often fail to study or properly discern sound Bible doctrine They then follow after charismatic or dogmatic teachers who have misinterpreted or rejected Gods Word *False Teachings and Divisive Movements* looks at several false teachings and movements some formed recently and some not so recent that exists within many churches today If you ever wonder why there is so much disagreement between professing Christians or question various religious teachings and movements this book will shed light on these matters and help clear up any confusion you might have **One-World Church Rising** Harold

Eriksen,2020-03-06 *One World Church Rising* points a need for discernment among church attendees concerning church doctrines and teachings There are seven simultaneous developments occurring on the contemporary religious scene that will make this a must read book and a page turner for every informed Christian First careful examination of many of the Catholic Church teachings that have developed during the past 1 900 years do not square with Scripture Second there is the sudden increase in heretical teaching coming from the Vatican that has alienated many cardinals and bishops Third is the widespread development of liberties theologians are taking to alter the interpretation of the Bible to dilute its meaning and to make it reflect what the theologian wants it to reflect Some offer interpretations that are clearly condemned in the Bible Fourth is an emerging acceptance of Catholic Church teachings among Protestants that they have been rejected since the Reformation A number of Protestant preachers have aligned themselves with the Catholic Church contradicting what they themselves have preached Fifth there is increasing emphasis being placed on the shared theological roots between Christians and Islam all directed toward establishing a common ground between Christendom and Islam Sixth are the soft solicitations of the Catholic Church to anti Christian religions Finally and most importantly is the apparent rise of a deity within the Catholic Church that would replace Christ as redeemer advocate and intercessor between God and man One of the most important trends in the past seventy years has been the evolution of greater emphasis on the Virgin Mary A new Marian dogma appears to be developing in the Netherlands that may replace Christ as our redeemer mediator and advocate Apart from the world s search from some mystical divine reality there is powerful political motivation behind this development Collectively all of the above point to the emergence of a one world church as predicted in Revelation 13 117 Biblical Studies on the Internet Roland H. Worth, Jr.,2008-09-18 The new edition includes more than 4 800 resources available at

more than 10 000 Internet sites that provide information on a range of biblical study topics including Bible translations in English and other languages audio translations of the Bible in English and other languages commentaries dictionaries and other resource materials including ones in Greek Hebrew and other ancient languages The author also has adopted a new method of referencing and cataloging the most widely used web pages to facilitate a major expansion of resources without increasing the physical length of the book itself In cases when ten or more resources are listed on a single web page the author has assigned the web page a three digit code The code is used to identify this web page as a major resource within the main text while any needed instructions for use of the site are cross referenced separately in the final chapter In adopting this concise method the author was able to add hundreds of additional or updated web resources a surprising number of which can be downloaded onto a hard drive for immediate and continued use

Christian Discipleship and the Local Church Steve Urick,2012-11-09 When a person becomes a Christian the ongoing work of discipleship continues The intake of sound Bible doctrine into the soul is vital in order to grow spiritually strong and mature This is where the crucial role of the local church comes in Every believer needs to be taught by qualified leaders evangelists pastor teachers etc and be ministered to by various other gifted members of the body of Christ Christian Discipleship and the Local Church gives basic knowledge to find a good church discover one's spiritual gifts and advance in the Christian life It also equips Christians with concise and easy to read material to use when doing the life changing work of discipling others It can even be used for church planting or strengthening existing churches
