absence of clutter Paul Stephens, 2020-03-24 An exploration of minimal writing texts generally shorter than a sentence as complex powerful literary and visual works In the 1960s and 70s minimal and conceptual artists stripped language down to its most basic components the word and the letter Barbara Kruger Jenny Holzer Carl Andre Lawrence Weiner and others built lucrative careers from text based art Meanwhile poets and writers created works of minimal writing visual texts generally shorter than a sentence One poem by Aram Saroyan reads in its entirety eyeeye In *absence of clutter* Paul Stephens offers the first comprehensive account of minimal writing arguing that it is equal in complexity and power to better known more commercial text based art Minimal writing Stephens writes can be beguilingly simple on the surface but

can also offer iterative reading experiences on multiple levels from the fleeting to the ponderous absence of clutter for example the entire text of a poem by Robert Grenier is both expressive and self descriptive Stephens first sets out a theoretical framework for reading and viewing minimal writing and then offers close readings of works of minimal writing by Saroyan Grenier Norman Pritchard Natalie Czech and others He reverse engineers recent works by Jen Bervin Craig Dworkin and Christian B k that draw on molecular biology and explores print on demand books by Holly Melgard code poetry by Nick Montfort Twitter based work by Allison Parrish and the use of Instagram by Hans Ulrich Obrist and Saroyan Text it seems is becoming ever more prevalent in visual art meanwhile poems are getting shorter When reading has become scanning a screen and writing tapping out a text absence of clutter invites us to reflect on how we read see and pay attention

All Things Are Too Small Becca Rothfeld,2024-04-02 A glorious call to throw off restraint and balance in favor of excess abandon and disproportion in essays ranging from such topics as mindfulness decluttering David Cronenberg and consent In her debut essay collection brilliant and stylish The Washington Post critic Becca Rothfeld takes on one of the most sacred cows of our time the demand that we apply the virtues of equality and democracy to culture and aesthetics The result is a culture that is flattened and sanitized purged of ugliness excess and provocation Our embrace of minimalism has left us spiritually impoverished We see it in our homes where we bring in Marie Kondo to rid them of their idiosyncrasies and darkneses We take up mindfulness to do the same thing to our heads emptying them of the musings thoughts and obsessions that make us who we are In the bedroom a new wave of puritanism has drained sex of its unpredictability and therefore true eroticism In our fictions the quest for balance has given us protagonists who aspire only to excise their appetites We have flipped our values Rothfeld argues while the gap between rich and poor yawns hideously wide we strive to compensate with egalitarianism in art erotics and taste where it does not belong and where it quashes wild experiments and exuberance Lush provocative and bitingly funny All Things Are Too Small is a subversive soul cry to restore imbalance obsession gluttony and ravishment to all domains of our lives Fat Christopher E.
