Inc. Suzanne Leonard, 2020-05-01 A fascinating look at the changing role of wives in modern America After a half century of battling for gender equality women have been freed from the necessity of securing a husband for economic stability sexual fulfillment or procreation Marriage is a choice and increasingly women and men are opting out Yet despite these changes the cultural power of marriage has burgeoned What was once an obligation has become an exclusive club into which heterosexual women with the right amount of self discipline may win entry The newly exalted professionalized wife is no longer reliant on her husband s status or money instead she can wield her own power provided she can successfully manage the business of being a wife Wife Inc tells a fiercely contemporary story revealing that today s wives do not labor in kitchens or even homes Instead the work of wifedom occurs in online dating sites on reality television in social media and on the campaign trail Dating marital commitment and married life have been reconfigured No longer the stuff of marriage vows these realms are now controlled by brand management and marketability To prosper women must appear confident empowered and sexually savvy Guiding readers through the stages of the wife cycle Suzanne Leonard follows women as they date prepare to wed and toil as wives using examples from popular television film and literature as well as mass market news women s magazines new media and advice culture The first major study to focus on this new definition of working wives Wife Inc reveals how marriage occupies a newly professionalized role in the lives of American women Being a wife is a business that takes a lot more than a vow to maintain this book tells that story **Intimacy on the Internet** Lauren

Rosewarne, 2016-04-14 The focus of this book is on the media representations of the use of the Internet in seeking intimate connections be it a committed relationship a hook up or a community in which to dabble in fringe sexual practices Popular culture film narrative television the news media and advertising present two very distinct pictures of the use of the Internet as related to intimacy From news reports about victims of online dating to the presentation of the desperate and dateless the perverts and the deviants a distinct frame for the intimacy Internet connection is negativity In some examples however a

changing picture is emerging The ubiquitousness of Internet use today has meant a slow increase in comparatively more positive representations of successful online romances in the news resulting in more positive spin advertising and a more even handed presence of such liaisons in narrative television and film Both the positive and the negative media representations are categorised and analysed in this book to explore what they reveal about the intersection of gender sexuality technology and the changing mores regarding intimacy

Modern Manhood Cleo Stiller, 2019-11-12 Emmy and Peabody Award nominated health reporter Cleo Stiller's fun ny and informative collection of advice and perspectives about what it means to be a good guy in the era of MeToo Here are a few self evident truths Predatory men need to go sexual assault is wrong and women and men should be equal If you're a man and disagree with any of the aforementioned then this book isn't for you But if you agree you're probably one of the good guys That said you might also be feeling frustrated exasperated and perhaps even skeptical about the current national conversation surrounding MeToo among many other things You've likely found yourself in countless experiences or conversations lately where the situation feels gray at best You have a lot to say but you're afraid to say it and worried that one wrong move will land you in the hot seat From money and sex to dating and work and everything in between it can all be so confusing And when do we start talking about solutions instead of putting each other down In Modern Manhood reporter Cleo Stiller sheds light on all the gray areas out there using conversations that real men and women are having with their friends their dates their family and themselves Free of judgment preaching and sugarcoating Modern Manhood is engaging provocative and ultimately a great resource for gaining a deeper understanding of what it means to genuinely be a good man today
