Los Angeles The Architecture Of Four Ecologies

Nigel Whiteley

Los Angeles The Architecture Of Four Ecologies:

Los Angeles Reyner Banham, 2001 A pioneering architectural study of the seventy mile square city and the historical process which has made it unique as a human settlement On Reyner Banham's Los Angeles: the Architecture of Four Ecologies William Ellis, 1974 Los Angeles Reyner Banham, 1973 Los Angeles Reyner Banham, 1973 **An**

Architectural Guidebook to Los Angeles Robert Winter, 2009-09 Known as the bible to Los Angeles architecture scholars and enthusiasts Robert Winter and David Gebhard's groundbreaking guide to architecture in the greater Los Angeles area is updated and revised once again From Art Deco to Beaux Arts Spanish Colonial to Mission Revival Winter discusses an impressive variety of architectural styles in this popular guide that he co-authored with the late David Gebhard New buildings and sites have been added along with all new photography Considered the most thorough L A architecture guide ever written this new edition features the best of the past and present from Charles and Henry Greene's Gamble House to Frank Gehry's Disney Philharmonic Hall This was and is again a must have guide to a diverse and architecturally rich area Robert Winter is a recognized architectural historian who lives in Los Angeles and has led architectural tours through the Los Angeles area since 1965 He is a professor at Occidental College in Los Angeles **Reyner Banham** Nigel Whiteley, 2003-08-29 An intellectual biography of the cultural critic Reyner Banham Reyner Banham 1922-88 was one of the most influential writers on architecture design and popular culture from the mid 1950s to the late 1980s Trained in mechanical engineering and art history he was convinced that technology was making society not only more exciting but more democratic His combination of academic rigor and pop culture sensibility put him in opposition to both traditionalists and orthodox Modernists but placed him in a unique position to understand the cultural social and political implications of the visual arts in the postwar period His first book *Theory and Design in the First Machine Age* still in print with The MIT Press after forty years was central to the overhaul of Modernism and it gave Futurism and Expressionism credibility amid the dynamism and change of the 1960s This intellectual biography is the first comprehensive critical examination of Banham's theories and ideas not only on architecture but also on the wide variety of subjects that interested him It covers the full range of his oeuvre and discusses the values enthusiasms and influences that formed his thinking Architectures of Care Brittany Utting, 2023-12-05 Drawing from a diverse range of interdisciplinary voices this book explores how spaces of care shape our affective material and social forms from the most intimate scale of the body to our planetary commons Typical definitions of care center around the maintenance of a livable life encompassing everything from shelter and welfare to health and safety Architecture plays a fundamental role in these definitions inscribed in institutional archetypes such as the home the hospital the school and the nursery However these spaces often structure modes of care that prescribe gender roles bodily norms and labor practices How can architecture instead engage with an expanded definition of care that questions such roles and norms producing more hybrid entanglements between our bodies our collective lives and our environments Chapters in this book

explore issues ranging from disabled domesticities and nursing unbuilding whiteness in the built environment practices and pedagogies of environmental care and the solidarity networks within The Cloud Case studies include Floating University Berlin commoning initiatives by the Black Panther party and hospitals for the United Mine Workers of America among many other sites and scales of care Exploring architecture through the lenses of gender studies labor theory environmental justice and the medical humanities this book will engage students and academics from a wide range of disciplines *The Jewish Role in American Life* Bruce Zuckerman, Jeremy Schoenberg, 2007 The relationship between Jews and the United States is necessarily complex Jews have been instrumental in shaping American culture and of course Jewish culture and religion have likewise been profoundly recast in the United States especially in the period following World War II A major focus of this work is to consider the Jewish role in American life as well as the American role in shaping Jewish life This fifth volume of the Casden Institute s annual review is organized along five broad themes politics values image education and culture

Overdrive Wim de Wit, Christopher James Alexander, 2013 This is a fascinating and intelligently illustrated study of architectural innovation in Los Angeles From 1940 to 1990 Los Angeles rapidly evolved into one of the most populous and influential industrial economic and creative capitals in the world During this era the region was transformed into a laboratory for cutting edge architecture Overdrive examines these experiments and their impacts on modern design reframes the perceptions of Los Angeles dynamic built environment and amplifies the exploration of the city s vibrant architectural legacy The drawings models and images highlighted by Overdrive reveal the complex and often underappreciated facets of Los Angeles and illustrate how the metropolis became an internationally recognized destination with a unique design vocabulary canonical landmarks and a coveted lifestyle Infrastructural Optimism Linda C. Samuels, 2021-09-29 *Infrastructural Optimism* investigates a new kind of twenty first century infrastructure one that encourages a broader understanding of the interdependence of resources and agencies recognizes a rightfully accelerated need for equitable access and distribution and prioritizes rising environmental diligence across the design disciplines Bringing together urban history case studies and speculative design propositions the book explores and defines infrastructure as the basis for a new form of urbanism emerging from the intersection of architecture landscape architecture and urban design In defining this new infrastructure the book introduces new dynamic and holistic performance metrics focused on measuring what matters over growth for the sake of growth and twelve criteria that define next generation infrastructure By shifting the focus of infrastructure our largest public realm to environmental symbiosis and quality of life for all design becomes a catalytic component in creating a more beautiful productive and optimistic future with Infrastructural Urbanism as its driver *Infrastructural Optimism* will be invaluable to design non profit and agency professionals and faculty and students in the fields of architecture landscape architecture and urban design working in partnership with engineers hydrologists ecologists urban planners community members and others who shape the built environment through the expanded field of infrastructure **Modern Coliseum**

Benjamin D. Lisle, 2017-07-05 In *Modern Coliseum* Benjamin D Lisle tracks changes in stadium design and culture since World War II Featuring over seventy five images documenting the transformation of the American stadium over time *Modern Coliseum* will be of interest to a variety of readers from urban and architectural historians to sports fans *Pop L.A.* Cécile Whiting, 2008-08-04 In this original and engaging book Cécile Whiting examines what Pop looked like when it left the highbrow cloisters of Manhattan's art galleries and ventured westward to the sprawling suburbs of Los Angeles

California Modern Neil Jackson, 2002 In the 1950s a series of dramatic open and elegant homes made him a media star and interest in the work of his atelier has only increased over time **Queens of Noise** Evelyn McDonnell, 2013-07-09 The first narrative biography of the Runaways told with the participation of many of the band's surviving members **Reading California** Stephanie Barron, Sheri Bernstein, Ilene Susan Fort, 2000 This collection of essays written by a stellar cast of art historians and scholars looks closely at the forces that shaped fine art and material culture in California Illustrations **Lost Days, Endless Nights** Andrew Witt, 2025-01-14 A critical study and artist's book on the history of photography and film from Los Angeles *Lost Days Endless Nights* tells a history from below an account of the lives of the forgotten and dispossessed of Los Angeles the unemployed the precariously employed the evicted the alienated the unhoused the anxious the exhausted Through an analysis of abandoned archival works experimental films and other projects Andrew Witt offers an expansive account of the artists who have lived or worked in Los Angeles delving into the region's history and geography highlighting its racial gender and class conflicts Presented as a series of nine case studies Witt explores how artists as diverse as Agnès Varda Dana Lixenberg Allan Sekula Catherine Opie John Divola Gregory Halpern Paul Sepuya and Guadalupe Rosales have reimagined and reshaped our understanding of contemporary Los Angeles The book features portraits of those who struggle and attempt to get by in the city dock workers students bus riders petty criminals office workers immigrants queer and trans activists Set against the landscape of economic turmoil and environmental crises that shadowed the 1970s Witt highlights the urgent need for a historical perspective of cultural retrieval and counternarrative Extending into the present *Lost Days Endless Nights* advocates for an approach that actively embraces the works and projects that have been overlooked and evicted from the historical imaginary **Thick Space** Dorothee Brantz, Sasha Disko, Georg Wagner-Kyora, 2014-03-15 Could the concepts of metropolitanism and thick space aid our understanding of historical and contemporary urban change Essays by scholars from both sides of the Atlantic provide interdisciplinary approaches to the complex dynamics of large scale urbanization The book opens with conceptual questions regarding the development of metropolises and metropolitan studies The following sections provide analyses of the social environmental and cultural dimensions of metropolitan spaces from both a theoretical and an empirical perspective such as the role of planning and urban parks the impact of ethnic diversity and segregation the place of cinematic visions or the centrality of infrastructures and architecture **Industries of Architecture** Katie Lloyd Thomas, Tilo Amhoff, Nick Beech, 2015-11-06 At a time when the technologies and techniques of

producing the built environment are undergoing significant change this book makes central architecture's relationship to industry Contributors turn to historical and theoretical questions as well as to key contemporary developments taking a humanities approach to the Industries of Architecture that will be of interest to practitioners and industry professionals as much as to academic researchers teachers and students How has modern architecture responded to mass production How do we understand the necessarily social nature of production in the architectural office and on the building site And how is architecture entwined within wider fields of production and reproduction finance capital the spaces of regulation and management techniques What are the particular effects of techniques and technologies and above all their inter relations on those who labour in architecture the buildings they produce and the discursive frameworks we mobilise to understand them

Richard Neutra and the Search for Modern Architecture Thomas S. Hines, Richard Joseph Neutra, 1994-01-01 An important contribution to the understanding of modernist culture in the United States and a perceptive analysis of the achievement of a major American architect with a European background and an international reputation William Jordy Brown University This study part biography and part architectural analysis is a modern masterpiece of architectural history The prose is lucid and sometimes elegant very much like the work of Richard Neutra which it so brilliantly examines Peter Gay Yale University An important contribution to the understanding of modernist culture in the United States and a perceptive analysis of the achievement of a major American architect with a European background and an international reputation William Jordy Brown University

The Architecture of Entertainment Robert Winter, 2009-09 In L A in the 20s noted architectural historian and author Robert Winter explains this architecture of entertainment the inherent beauty and mystery of the era when historic architectural styles became adventurous escapades
