Lou Marinoff:

The Big Questions Lou Marinoff, 2009-09-07 Professor Lou Marinoff's first book drew on the wisdom of the great philosophers to solve our everyday problems launching a movement that restored philosophy to what it once was useful in all walks of life. Now in *The Big Questions* he takes the concept to the next level applying centuries of philosophy and great literature to answer central questions of modern existence. Urging us not to accept victimhood as the by-product of modern life, Professor Marinoff uses specific case studies from his counseling practice to show how wisdom from the great thinkers can help us define our own philosophy and thereby reclaim our sense of well-being. He asks and answers questions that go to the heart of the human condition: How do we know what is right? How can we cope with change? Why can't we all get along? And most centrally, how can we use the centuries of wisdom that have come before us to help us answer these questions and feel at ease in the world? Accessible, entertaining, and profoundly useful, *The Big Questions* mixes wisdom from the great thinkers with specific case studies to illuminate how a shift in perspective can truly be life-changing. Lou Marinoff is the author of the international hit *Plato Not Prozac* which has been published in twenty languages. A professor of philosophy at the City College of New York, Marinoff is also the founding president of the American Philosophical Practitioners Association. Praise for *Plato Not Prozac*: "What exactly is philosophical practice? Marinoff calls it therapy for the sane. In a nutshell, it's using the 2,500-year-old tradition of philosophy to solve everyday problems like work, relationship, and family issues. It's a return to what philosophy was meant to be: a guideline for a way of life." *Salon.com*. *Plato Not Prozac* looks to become the bible of the philosophical counseling movement. *Philadelphia Inquirer Magazine*. "The ancient think... [Philosophical Practice](#)" Lou Marinoff, 2001-11-08. This book provides a look at philosophical practice from the viewpoint of the practitioner or prospective practitioner. It answers the questions: What is philosophical practice? What are its aims and methods? How does philosophical counseling differ from psychological counseling and other forms of psychotherapy? How are philosophical practitioners educated and trained? How do philosophical practitioners relate to other professions? What are the politics of philosophical practice? How does one become a practitioner? What is APPA Certification? What are the prospects for philosophical practice in the USA and elsewhere? *Handbook of Philosophical Practice* provides an account of philosophy's current renaissance as a discipline of applied practice while critiquing the historical social and cultural forces which have contributed to its earlier descent into obscurity. *Plato, Not Prozac!* Lou Marinoff, 2012-08-07. Philosophy professor Lou Marinoff, Ph.D., offers eternal wisdom to help cope with everyday problems in *Plato Not Prozac*. You don't need a prescription for this mind-opening, possibly life-altering book. *The Thinking Person's Guide to Understanding Yourself*. Cleveland Plain Dealer. Death within the Text Adriana Teodorescu, 2019-03-13 The book tackles the challenging theme of death as seen through the lens of literature and its connections with history the visual arts anthropology philosophy and other fields in humanities It searches for answers to three questions what can we know about death how is death socialised and how and for which purposes is death aesthetically shaped Unlike many other publications the volume does not endorse the fallacy of over simplifying death
