**In the Name of Elijah Muhammad** Mattias Gardell, 1996-10-07 In the Name of Elijah Muhammad tells the story of the Nation of Islam its rise in northern inner city ghettos during the Great Depression through its decline following the death of Elijah Muhammad in 1975 to its rejuvenation under the leadership of Louis Farrakhan Mattias Gardell sets this story within the context of African American social history the legacy of black nationalism and the long but hidden Islamic presence in North America He presents with insight and balance a detailed view of one of the most controversial yet least explored organizations in the United States and its current leader Beginning with Master Farad Muhammad believed to be God in Person Gardell examines the origins of the Nation His research on the period of Elijah Muhammad s long leadership draws on previously unreleased FBI files that reveal a clear picture of the bureau s attempts to neutralize the Nation of Islam In addition they shed new light on the circumstances surrounding the murder of Malcolm X With the main part of the book focused on the fortunes of the Nation after Elijah Muhammad s death Gardell then turns to the figure of Minister Farrakhan From his emergence as the dominant voice of the radical black Islamic community to his leadership of the Million Man March Farrakhan has often been portrayed as a demagogue bigot racist and anti Semite Gardell balances the media s view of the Nation and Farrakhan with the Nation s own views and with the perspectives of the black community in which the organization actively works His investigation based on field research taped lectures and interviews leads to the fullest account yet of the Nation of Islam s ideology and theology and its complicated relations with mainstream Islam the black church the Jewish community extremist white nationalists and the urban culture of black American youth particularly the hip hop movement and gangs

*A History of the Nation of Islam* Dawn-Marie Gibson, 2012-04-23 This book provides a fascinating unparalleled look at the Nation of Islam including its history the complexity of its views towards orthodox Muslims women and other minorities and the trajectory of the group after the 1995 Million Man March The release of the Federal Bureau of Investigation s extensive archive of surveillance files

interviews and firsthand accounts has made it possible to reveal the truth behind the myths and misperceptions about the Nation of Islam. This comprehensive resource catalogues the times, places, and people that shaped the philosophies from its formative years through to its present incarnation. The definitive source on the subject, *A History of The Nation of Islam: Race, Islam, and the Quest for Freedom*, draws on over a dozen interviews along with archival and rarely used sources. The book departs from the usual Malcolm X-centric treatment of the subject and instead examines the early leadership of Fard Muhammad, challenges conventional views on Malcolm X, and explores the present-day internal politics of the movement post-Louis Farrakhan's retirement.

**In the Name of Elijah Muhammad**, 2009. DIV. In the Name of Elijah Muhammad tells the story of the Nation of Islam: its rise in northern inner-city ghettos during the Great Depression through its decline following the death of Elijah Muhammad in 1975 to its rejuvenation under the leadership of Louis Farrakhan. Mattias Gardell sets this story within the context of African American social history, the legacy of black nationalism, and the long but hidden Islamic presence in North America. He presents with insight and balance a detailed view of one of the most controversial yet least explored organizations in the United States and its current leader. Beginning with Master Farad Muhammad, believed to be God in Person, Gardell examines the origins of the Nation. His research on the period of Elijah Muhammad's long leadership draws on previously unreleased FBI files that reveal a clear picture of the bureau's attempts to neutralize the Nation of Islam. In addition, they shed new light on the circumstances surrounding the murder of Malcolm X. With the main part of the book focused on the fortunes of the Nation after Elijah Muhammad's death, Gardell then turns to the figure of Minister Farrakhan. From his emergence as the dominant voice of the radical black Islamic community to his leadership of the Million Man March, Farrakhan has often been portrayed as a demagogue, bigot, racist, and anti-Semite. Gardell balances the media's view of the Nation and Farrakhan with the Nation's own views and with the perspectives of the black community in which the organization actively works. His investigation, based on field research, taped lectures, and interviews, leads to the fullest account yet of the Nation of Islam's ideology and theology and its complicated relations with mainstream Islam, the black church, the Jewish community, extremist white nationalists, and the urban culture of black American youth, particularly the hip-hop movement and gangs.

**The Nation of Islam, Louis Farrakhan, and the Men Who Follow Him**, Dawn-Marie Gibson, 2016-06-15. This book examines the varied ways in which Minister Farrakhan's Resurrected Nation of Islam appeals to men from different backgrounds. Dawn Marie Gibson investigates a number of themes, including faith, family, and community, making use of archival research and engaging in-depth interviews. The book considers the multifaceted ways in which men encounter the Nation of Islam (NOI) and navigate its ethics and gender norms. Gibson describes and dissects the factors that attract men to the NOI while also considering the challenges that these men confront as new converts. She discusses the various interfaith and community outreach efforts that men engage in and assesses their work with both their Christian and Muslim counterparts. To conclude its discussion, the book takes a look at the NOI's 2015 Justice or Else March.
