Their break-up in college had been an explosive one and now some twelve years later Ashley was still picking up the pieces of her broken heart. Peyton Maxwell knew better than anyone that life rarely turned out the way you planned. After spending more than a decade away from her hometown she'd finally decided to move back in order to raise her young daughter closer to family. She was just beginning to settle into her new job when Ashley walked into an exam room at the vet clinic and back into her life. Peyton thought she'd put that part of her life firmly in the past but one look at her former lover and it all comes rushing back. Ashley has waited a long time for answers but walks away from their encounter with only questions. Could it really hurt to pursue a friendly platonic relationship as Peyton suggests? Or will Ashley find herself rekindling a flame that never really died?
