LiliBeth,2024-05-11 Jane Pike originally thought that her only chance to save the man she loved so much was to run away from him In the end Kendrick Riggs was human she thought and she was a werewolf without a wolf abused and with a sad life She never expected this man was her fated mate He actually was the the Alpha of Crescent Moon Pack the richest Alpha in America In front of her he never let her know the fact that he was a werewolf too thinking that she was a human BUT only if he would have find the courage to tell her the truth He was a cold blooded decisive controller Alpha among the the werewolves world In private he was a wolf in sheep s skin like a real devil always making plans And thinking that he was the weak one she dumped him to save his life It was just a big misunderstanding It was all about the bond they couldn t feel But she couldn t stay away from him too much and she came back just to realize that what was meant to be was greater than their imagination How could she run away from him How could he let her go easily But the most important question is how to accept each other when they hurt each other so badly *Guardians Series Boxed Set Vol.2* Valerie Twombly,2020-03-24
