

Fallingwater

Frank Lloyd Wright, 1935-1939

Fort Pitt, Pennsylvania, USA, 1935-39

Frank Lloyd Wright designed Fallingwater in the most daring, thoughtful way to combine nature to man, thereby also inspiring the way all modern housing should be designed. In May 1935, Wright wrote to his client, Edgar Kaufmann Sr., that he had the idea of building a house in the woods of the Allegheny River, where the water was so beautiful and so close to the house. Wright's design was a masterpiece of modern architecture, and it was a success. It was a house that was built in the woods, and it was a house that was built in the woods. It was a house that was built in the woods, and it was a house that was built in the woods.

Fallingwater was built in the woods of the Allegheny River, where the water was so beautiful and so close to the house. Wright's design was a masterpiece of modern architecture, and it was a success. It was a house that was built in the woods, and it was a house that was built in the woods. It was a house that was built in the woods, and it was a house that was built in the woods.

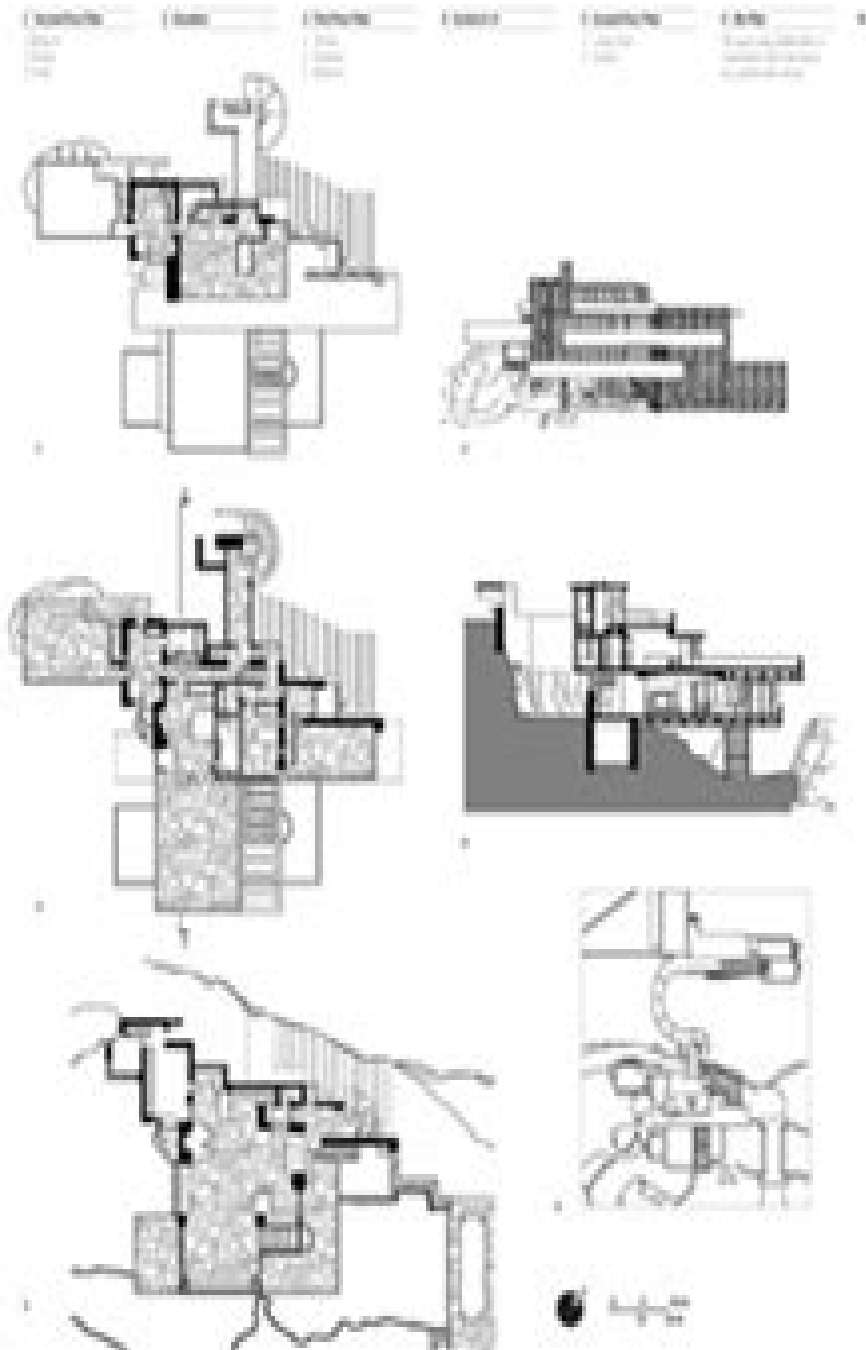

Wright's design was a masterpiece of modern architecture, and it was a success. It was a house that was built in the woods, and it was a house that was built in the woods.
