Corrections: A Text/Reader Mary K. Stohr,Anthony Walsh,Craig Hemmens,2012-03-20 Corrections A Text Reader Second Edition is designed for undergraduate and or graduate corrections courses Organized like a traditional corrections text it offers brief authored introductions in a mini chapter format for each key Section followed by carefully selected and edited original articles by leading scholars This hybrid format ensuring coverage of important material while emphasizing the significance of contemporary research offers an excellent alternative which recognizes the impact and importance of new directions and policy in this field and how these advances are determined by research *Sentencing* Ralph Henham,2013-10-01 Sentencing is the process through which the legitimacy of punishment is declared and justified However it is increasingly portrayed as a social activity which should be more responsive to the pluralistic needs and values of individuals and communities in contemporary society It will therefore have to adapt to an array of different perceptions of what justice is and how it should be delivered as well as different sensitivities and emotional responses to sentencing processes and outcomes At a time when fundamental questions are being asked about the relevance of existing forms of punishment in contemporary society Sentencing argues for a profound normative understanding of the relationship between sentencing and its perception by citizens vital if we are to fully comprehend the nature and significance of punishment and the particular challenges it faces as a force for social cohesion Henham explores this theme by focusing on key areas of debate within the field the treatment of gender and race in sentencing the future role of sentencing in criminal justice governance the development of new criteria for evaluating sentencing within a more socially inclusive framework Henham suggests that a greater focus on the relationship between penal ideology and the impact of sentencing in the wider community is essential for effective future policy making in this area Sentencing will be useful for both undergraduate and postgraduate students of law criminology criminal justice and sociology as well as for academics and criminal justice policymakers The Subjective Value of Privacy Lukas Antoine,2024-10-24 This book critically examines the subjective value of privacy in the context of state surveillance exploring how individuals assess costs and benefits of surveillance It delves into the complex relationship between attitudes towards privacy security and state surveillance and challenges the conventional privacy versus security trade off through three empirical studies The first study finds that security justifications for surveillance indeed influence public support for surveillance particularly in liberal democracies The second study reveals how financial costs and personal convenience influence support for surveillance The third study suggests that privacy attitudes may be a stable personality trait influencing decisions across various contexts By employing cross comparative

analysis and experimental designs this book enhances our understanding of privacy's subjective value refines theoretical frameworks and offers insights into individual decision making about privacy By highlighting the dynamic nature of privacy preferences this work reveals limitations of simplistic theoretical models and sets the stage for future research in the privacy security nexus

Courts Cassia Spohn, Craig Hemmens, 2011-11-09 Authored text sections and carefully selected accompanying readings that illustrate the questions and controversies legal scholars and court researchers are investigating in the 21st century Edited readings introduce students to classic studies of the criminal court system and to cutting edge research on decision making by court actors An introduction to each reading gives students an overview of the purpose main points and conclusion of each article and evaluates their policy implications How to Read a Research Article tied to the first reading in the book guides students in understanding and learning from the research articles Mini chapters precede the selection of readings and offer clear and concise explanations of key terms and concepts in each section coupled with boxes with special interest topics and review materials that enhance student comprehension
