motive to assist with unravelling ambiguity about the manner of death This is the primary function of a psychological autopsy and as such this is the first book of its kind dedicated solely to the topic In the event that the manner of death is determined to be a homicide behavioral profiling can help to focus the potential pool of suspects Professionals and students alike will benefit from the exercise of cognitive awareness and the application of psychological logic presented Psychologists medical examiners coroners attorneys fraud examiners law enforcement personnel death and homicide investigators and students enrolled in criminal profiling forensic psychology and criminal justice programs will find this text to be a compelling and insightful reference to add to their professional toolkit *Rhetoric, Through Everyday Things* Scot Barnett, Casey
