Keys To Homeownership 2nd Edition:

Keys to Homeownership National Foundation for Credit Counseling, 2001 **The Encyclopedia of Housing, Second Edition** Andrew T. Carswell, 2012-05-31 Since publication of the groundbreaking Encyclopedia of Housing in 1998 many issues have assumed special prominence within this field and indeed within the global economy For instance the global economic meltdown was spurred in large part by the worst subprime mortgage crisis we've seen in our history On a more positive note the sustainability movement and green development has picked up considerable steam and given the priorities and initiatives of the current U S administration this will only grow in importance and increased attention has been given in recent years to the topic of indoor air quality Within the past decade as well the Baby Boom Generation began its march into retirement and senior citizenship which will have increasingly broad implications for retirement communities and housing assisted living facilities aging in place livable communities universal design and the like Finally within the last twelve years an emerging generation of young scholars has been making significant contributions to the field For all these reasons and more we are pleased to present a significantly updated and expanded Second Edition of The Encyclopedia of Housing

Making Housing Happen, 2nd Edition Jill Suzanne Shook, 2012-09-19 The growing housing crisis cries out for solutions that work As many as 3 5 million Americans experience homelessness each year half of them women and children One in four renters spends more than half of their income on rent and utilities more than 30 percent is considered unaffordable With record foreclosures and 28 percent of homes underwater middle and low income homeowners are suffering Many congregations want to address this daunting problem yet feel powerless and uncertain about what to do The good news is that churches are effectively addressing the housing crisis from Washington State to New York City where an alliance of sixty churches has built five thousand homes for low income homeowners with virtually no government funding or foreclosures This book not only presents solid theological thinking about housing but also offers workable solutions to the current crisis true stories by those who have made housing happen Each story features a different Christian denomination geographic area and model adaptive reuse cohousing cooperative housing mixed income mixed use inclusionary zoning second units community land trusts sweat equity and more Making Housing Happen is about vision and faith relationships and persistence Its remarkable stories will inspire and challenge you to action This new edition includes significant new material especially in light of the ongoing mortgage crisis *Alternate & Innovative Construction Systems for Housing , 2nd Ed*
