Serpents in the Classroom Thomas Korcok, 2022-02-22 Serpents

in the Classroom answers questions that teachers pastors and parents often ask themselves Despite their best efforts why do children so often reject the Christian faith The answer is found in the theological presuppositions that undergird much of contemporary education Though the educational establishment often presents its models as products drawn from evidence based research that is theologically neutral they are anything but Rather they are founded on theologies that are diametrically opposed to orthodox Christian teaching Drawing on his experience as an educator pastor and professor Dr Korcok uncovers the theological tenets of some of the pedagogues who have been influential in shaping contemporary educational thought and discovers how they have intentionally designed education to turn children away from the Christian faith For the Christian teacher and parent there is an alternative Dr Korcok presents the classical liberal arts education model that has served the church well for almost 2 000 years as a practical and theologically sound model of education for training a child for a life of faith

Augustine and Nicene Theology Michel Rene Barnes,2023-02-03 This book draws together a collection of thirteen published and unpublished articles which together constitute a new reading of the character and development of Latin Trinitarian theology in the fourth and fifth centuries The focus of the essays is on Augustine of Hippo 354 430 CE but Augustine is treated here as an inheritor of earlier Latin tradition Many of the figures of that tradition here receive a new interpretation particularly Marius Victorinus Augustine

himself is explored from many angles at every turn the developments in his theology are shown to be a response to the anti Nicene theologies of the period The beginning of the book discusses the manner in which modern systematic theology has engaged Augustine only through a simplified version of late nineteenth century categories In conclusion the broader question of how far modern theology can actually engage Patristic theology is explored at length The Scandal of the Evangelical Conscience Ronald J. Sider,2005-02-01 Ron Sider asserts that by their daily activity most Christians regularly commit treason With their mouths they claim that Jesus is their Lord but with their actions they demonstrate their allegiance to money sex and personal self fulfillment In this candid and challenging book Sider addresses an embarrassing reality most Christians lives are no different from the lives of their secular neighbors Hedonism materialism racism egotism and many other undesirable traits are commonplace among Christians Rather than simply a book bemoaning the state of American Christianity today The Scandal of the Evangelical Conscience offers readers solutions to repair the disconnect between belief and practice While it s not easy medicine to take this book is a much needed prophetic call to transformed living
