American Men of Science James McKeen Cattell,Jaques Cattell,1910 [Knowing Your Schools](#) Jim Dueck,2022-01-09 Education is a significant social program in our culture because we understand that learning

well impacts our capacity to live well Its importance produces many controversies because perspectives are greatly influenced by what policies and practices are implemented Inevitably the general public has insufficient time and or interest to scratch away the veneer surrounding controversial matters and discover what should be This book identifies numerous conflicts within the field of education and provides the perspectives and information which stakeholders within the enterprise sweep aside or cover up An extensive data base is used to demonstrate why existing policies and practices create unfair learning situations for our nation s children frequently described as our most valuable resource Policy makers both administrative and legislative are caught in the middle yet they choose to avoid controversy by siding with educators This book provides evidence of how the decision making should be altered to achieve optimal learning in our North American schools The Biographic Register United States.
