

Mental Math Strategies/Warm-ups/ Half Size (Addition) with Manipulatives

- Written with the 2nd grade in mind but also would be great review for 1st grade. (Standard: 2.NBT.6)
- 60 half-sized warm-ups
- Mental math warm-ups are designed to help model mental math for students. Teacher should model the process for 2 with students.
- At first, students should be allowed to use pencil, paper, and the graphics on the warm-ups to complete the addition problems.
- After consistent practice, students should be able to move toward completing calculations in their heads.
- The first 40 warm-ups include the visual manipulatives (bars and ones).
- The last 10 warm-ups do not include the manipulatives but the guided questions are still there. This should help with the transition to mental math.

Extension:

Have students add context to each problem.

Warm-Ups for Mental Math Practice Common Core Aligned (addition)
