S Nieto

Grandes Pensadores Cristianos Estructuras Y Procesos Religión:

Delibros ,1995 *Grandes pensadores cristianos* , **Grandes pensadores cristianos** Hans Küng,1995

Bibliografía española ,1996-07 **Cine, literatura y derecho** , Quinto libro colectivo publicado en los últimos cinco años en el Departamento de Filosofía del Derecho de la Facultad de Derecho de la Universidad de Sevilla La temática principal de esta obra se sitúa en la relación que el mundo jurídico posee con la literatura y con el más próximo arte pero visto desde una mirada iusfilosófica La literatura y el cine nos ofrecen un mundo fascinante porque nos permite pensar el Derecho en unas ocasiones para hacer reflexiones teóricas sobre su estructura y sus contenidos en otras para pensar acerca del ejercicio que de él hacen los que detentan el poder o los que defienden derechos y reclaman justicia Muchas novelas relatos y películas muestran aquella parte de la realidad jurídica relacionada con sus prácticas reforzando el poder opresor político y económico El cine y la literatura pueden representar la reparación de injusticias insurgencias y luchas de liberación en otras situaciones para ser mejor entendidas invitan a resaltar aspectos de la historia del Derecho El cine como también la literatura no han sido ajenos a la construcción histórica de los distintos elementos y dimensiones que conforman el fenómeno jurídico ni al avance en el reconocimiento de los derechos ni tampoco han desatendido esos progresos y de qué manera influyen en nuestro presente Esta obra nos ofrece distintos trabajos en donde la experiencia estática y humanista en la literatura en el cine o en el arte proyectada sobre el campo jurídico nos muestran otros puntos de vista otras maneras originales y creativas de mirar y pensar el Derecho **Bibliographie Internationale De L'Humanisme Et De La Renaissance.** ,2000-12

Diez textos gnósticos Armand Puig i Tàrrach,2017-05-02 En los siglos II y III se produjo un conflicto ideológico entre dos cristianismos el apostólico y el gnóstico Por una parte se propagaba una interpretación especulativa y ahistorizada de la salvación cristiana con tonos incluso politeístas Las minorías elitistas gnósticas proponían un Jesús con una revelación distinta a la de los evangelios del siglo I Por otra parte crecía la red de iglesias locales que apostaban por un cristianismo apostólico en el que la encarnación y la cruz ocupaban un lugar preeminente El pensamiento gnóstico es probablemente el desafío intelectual más importante que ha experimentado y experimenta el cristianismo en su forma eclesial histórica y actual El pensamiento filosófico latinoamericano, del Caribe y "latino" (1300-2000) Enrique Dussel, Eduardo Mendieta, Carmen Bohórquez,2009 Esta obra fue proyectada más que como un libro como el inicio de un movimiento filosófico continental Es decir los autores de las contribuciones toman conciencia de que la tarea que han asumido es de tal envergadura que no pueden sino cumplirla parcialmente Los trabajos a lo largo y ancho de toda la región latinoamericana sobrepasan a los especialistas de la historia o de temas expuestos en el orden nacional Esto no se logra en corto tiempo exige a los de perseverancia en la que los autores adquieren conciencia de los límites de la presente empresa Por ello mucho más que el lector son los mismos editores y autores de esta obra los que tienen conciencia de que se lo se ha iniciado la extracción de un precioso metal de una rica mina casi inexplorada en su conjunto **Religión y alienación** Gregory Baum,1980 **LEV** ,1998 El cristianismo Manuel

Fraijó,2023-10-02 En la poca actual Jes s de Nazaret cosecha elogios y aplausos en casi todos los frentes Atr s quedan los virulentos ataques de otros tiempos en los que hasta de su existencia hist rica se lleg a dudar Pero contin an vigentes las grandes preguntas del pasado fue Jes s algo m s que un gran hombre es el Hijo de Dios resucit de entre los muertos De la respuesta a estos interrogantes depende la verdad del cristianismo tema al que est n dedicadas estas p ginas De la mano de grandes especialistas Manuel Fraij recorre los principales acontecimientos que pusieron en marcha el movimiento cristiano Los evoca con un cordial talante cr tico La principal novedad de este libro radica en su esfuerzo por acceder a la figura de Jes s y a la verdad del cristianismo sin pedir auxilio ni a la fe ni al dogma Una metodolog a que de ninguna forma se debe al menosprecio de estas magnitudes sino al deseo de analizar c mo queda lo de Jes s cuando es abordado a palo seco es decir desde una mezcla de teolog a fundamental y filosof a de la religi n El libro incorpora el escrito El futuro del cristianismo

Das Schweizer Buch ,1997 Libros espa oles en venta ,1996 **Libros espa oles** ,1979 *Estudios sobre iglesia y sociedad en Andaluc a en la Edad Moderna* Antonio Luis Cort s Pe a,Miguel Luis L p ez-Guadalupe Mu oez,1999

Avatares de la creencia en Dios Manuel Fraij ,2023-10-02 Los seres humanos nos solemos relacionar con Dios en dos tiempos primero le echamos en cara los males que nos aquejan y en un segundo momento postulamos su existencia para que los remedie en un mundo futuro m s all de la muerte De esta forma el mal es casi al mismo tiempo la gran objeci n contra Dios y la condici n de posibilidad de su existencia Parece imposible a la vista de tanto sufrimiento que exista un Dios bueno y todopoderoso y ser a terrible a la vista de tanto dolor que no existiera ese Dios Es lo de Pascal Incomprensible que exista Dios e incomprensible que no exista Es en palabras de Jos G mez Caffarena la dram tica ponderaci n entre el s y el no a la fe cristiana Este libro trata de los avatares de la creencia en Dios y se divide en cinco partes bien diferenciadas La primera contiene cuatro textos de sabor autobiogr fico pero en los que predominan la informaci n filos fico teol gica los pronunciamientos te ricos sobre el hecho religioso y sobre todo la evocaci n agradecida de algunos maestros y amigos La segunda parte ofrece el texto de las XXI Conferencias Aranguren pronunciadas en el Instituto Superior de Investigaciones Cient ficas en junio de 2012 En ellas se analiza el actual auge de las religiones y el aparente eclipse de Dios La tercera parte se abre a cinco horizontes Jes s de Nazaret la vida despu s de la muerte el mal la espiritualidad y la esperanza La cuarta parte consta de estudios sobre tres grandes maestros y queridos amigos J G mez Caffarena H K ng y W Pannenberg Finalmente la quinta parte del libro recoge los art culos que el autor ha venido publicando en los ltimos a os en el diario El Pa s Algunos lectores hab an manifestado su deseo de tenerlos juntos en un libro **Religi n y globalizaci n** Xavier

Pikaza,2014-01-01 Las religiones son proyectos globales de comunicaci n por su contenido la sacralidad universal y por su deseo de expansi n En ese contexto han surgido a veces rivalidades y enfrentamientos incluso militares pero tambi n se han abierto y se siguen abriendo poderosos caminos de iluminaci n mutua y encuentro As lo quiere mostrar este libro dividido en cuatro partes 1 Las religiones son proyectos y modelos de comunicaci n sagrada 2 En principio stas se sit an en el plano del

mundo de la vida no del sistema económico político 3 Las religiones ofrecen ideales y abren caminos distintos aunque convergentes de globalización 4 este libro expone las implicaciones y exigencias de una globalización ilustrada y cristiana en línea de diálogo no de sometimiento de religiones **Acerca de la Luz o del comienzo de las formas** Roberto Grosseteste, María Isabel Flisfisch, Humberto Giannini, 2021-09-30 Robert Grossteste 1175-1253 obispo de Lincoln y probablemente el primer canciller de la Universidad de Oxford donde introdujo el pensamiento de Aristóteles y la idea griega de la Explicatio en el método científico Impulsó el estudio de las matemáticas gracias a su conocimiento de autores árabes Fue uno de los mayores eruditos de su tiempo se conocen trabajos suyos de teología a matemáticas física física geometría etc Grosseteste considera la luz como la primera materia creada por Dios y a partir de la cual se constituye el universo La luz generada en un punto se expande en todas las direcciones y en todas las dimensiones hasta que ya no puede hacerlo más pues la materia es finita desde ahí firmamentum la luz se refleja hacia su origen evidenciando a su paso las distintas esferas que conforman el universo sphaera mundi Acerca de la Luz o del comienzo de las formas es presentado por primera vez en español en una edición bilingüe y anotada y pretende ser un acercamiento a una de las mentes más singulares del pensamiento de la Edad Media Comentario Bíblico Latinoamericano Levoratti, Armando J., 2009-11-30 En esta obra publicada bajo la dirección de Armando J Levoratti con la colaboración de Elsa Tamez y Pablo Richard exegetas de todos los países de lengua española nos ofrecen sus investigaciones con rigor científico carácter ecuménico y proyección pastoral Este Comentario destaca por la variedad de enfoques en la práctica de la exégesis y la hermenéutica bíblicas Su diversidad se debe a que aunque los pueblos latinoamericanos tienen muchos elementos bíblicos comunes presentan también diferencias y matices propios de cada país Anthropos Anthropos, Editorial del Hombre,

Uncover the mysteries within is enigmatic creation, **Grandes Pensadores Cristianos Estructuras Y Procesos Religion** . This downloadable ebook, shrouded in suspense, is available in a PDF format (PDF Size: *). Dive into a world of uncertainty and anticipation. Download now to unravel the secrets hidden within the pages.
