Routledge Encyclopedia of Narrative Theory David Herman,Manfred Jahn,Marie-Laure Ryan,2010-06-10 The past several decades have seen an explosion of interest in narrative with this multifaceted object of inquiry becoming a central concern in a wide range of disciplinary fields and research contexts As accounts of what happened to particular people in particular circumstances and with specific consequences stories have come to be viewed as a basic human strategy for coming to terms with time process and change However the very predominance of narrative as a focus of interest across multiple disciplines makes it imperative for scholars teachers and students to have access to a comprehensive reference resource Visual Devices in Contemporary Prose Fiction Simon Barton,2016-01-26 This book acknowledges that the reader of a novel looks at and sees the page before they begin to read any text placed upon it Thus any disruptions to how a traditional page should look can have a large impact on the reading process The book critically engages with the visual appearance of graphically innovative contemporary prose fiction **Comics through Time** M.
