Dr. Ethel L. Williams, 2023-04-27 For generations many questions concerning life has eluded mankind People have contemplated many of these questions and speculated on the true answers Two questions that no matter where you originate from or live on this planet are by far the most intriguing to answer The existence of a being with supernatural powers and the meaning of life are not the simplest questions to answer Neither can be explained scientifically with a true answer Many people believe that we mankind are the creation of God a supernatural entity that has an intelligent purpose in creating us That intelligent purpose is the meaning of life If God exists and has an intelligent purpose in creating us do we really know what this purpose is And if so do we find it meaningful in our lives On the other hand if God doesn't exist the meaning of life can only be meaningless Considering there have been endless numbers of wars crimes discriminations mistreatment accidents diseases and numerous other misfortunes that have affected human life we naturally ask Why do these things happen And if God exists why would he let them happen A compelling thought to contemplate A true answer about God and life is presented in the information provided throughout this book The existence of God and his purpose in creating mankind is a true value for you to know This book will guide you to the meaning of life and an understanding to your purpose as God's creation
