Greene On Capri A Memoir:

Greene on Capri Shirley Hazzard, Shirley Hazzard Steegmuller, The Estate of Shirley Hazzard Steegmuller, 2000-02-07
The subtle portrait of a great but difficult man and a legendary island When friends die one's own credentials change one becomes a survivor Graham Greene has already had biographers one of whom has served him mightily Yet I hope that there is room for the remembrance of a friend who knew him not wisely perhaps but fairly well on an island that was not his kind of place but where he came season after season year after year and where he too will be subsumed into the capacious story For millennia the cliffs of Capri have sheltered pleasure seekers and refugees alike among them the emperors Augustus and Tiberius Henry James Rilke and Lenin and hosts of artists eccentrics and outcasts Here in the 1960s Graham Greene became friends with Shirley Hazzard and her husband the writer Francis Steegmuller their friendship lasted until Greene's death in 1991 In *Greene on Capri* Hazzard uses their ever volatile intimacy as a prism through which to illuminate Greene's mercurial character his work and talk and the extraordinary literary culture that long thrived on this ravishing enchanted island

[The Works of Graham Greene, Volume 2](#) Mike Hill, Jon Wise, 2015-10-22 Over a 60 year career Graham Greene was a prolific writer While his published works established him as one of the great writers of the twentieth century much of his writing was never to see the light of day and has been gathered together in a number of archives across the UK Ireland USA and Canada The second volume of *The Works of Graham Greene* is a comprehensive guide to the archives of Greene's writing The book details

archival holdings of unpublished novels short stories plays film scripts journals poetry fragments of writing and letters as well as manuscripts and typescripts of published works Analysing and contextualising the unpublished work the book is fully cross referenced throughout and includes a substantial index as well as practical guidance for students scholars and researchers on accessing and making the most of each of the archives Imaging Italy Through the Eyes of Contemporary Australian Travellers (1990-2010) Roberta Trapè, 2011-07-12 For centuries Italy has been the destination of a lifetime for an endless stream of travellers This book focussing on the experience of contemporary Australian intellectuals explores an aspect as of yet scarcely studied within the global phenomenon of travel to Italy and discovers an image of the country starkly different from the one that prevailed in previous writings From the beginning of the 1990s onwards there has been a sizeable output of books by Australian writers set in or about Italy After a meticulous examination of these works Roberta Trapè has selected and analysed those that she considers the most interesting examples of Australians continuing fascination with Italy works of Jeffrey Smart and Shirley Hazzard and of Robert Dessaix and Peter Robb Examining the ways the four authors describe Italian places Imaging Italy looks into what it is that continues to attract Australian writers and artists to the country and tries to detect new trends in their attitude towards it The image of Italy that emerges from the most recent works is no doubt a superb picture not flattering but certainly not false of its contemporary times *Graham Greene* Richard Greene, 2011-04-20 There have been a number of Graham Greene biographies but none has captured his voice his loves hates family and friends intimate and writerly or his deep understanding of the world like this astonishing collection of letters Graham Greene is one of the few modern novelists who can be called great In the course of his long and eventful life 1904-1991 he wrote tens of thousands of letters to family friends writers publishers and others involved in his various interests and causes A Life in Letters presents a fresh and engrossing account of his life career and mind in his own words Meticulously chosen and engagingly annotated this selection of letters many of them seen here for the first time gives an entirely new perspective on a life that combined literary achievement political action espionage exotic travel and romantic entanglement In several letters the individuals events or places described provide the inspiration for characters episodes or locations found in his later fiction The correspondence describes his travels in Mexico Africa Malaya Vietnam Haiti Cuba Sierra Leone Liberia and other trouble spots where he observed the struggles of victims and victors with a compassionate and truthful eye The volume includes a vast number of unpublished letters to authors Evelyn Waugh Auberon Waugh Anthony Powell Edith Sitwell R K Narayan and Muriel Spark and to other more notorious individuals such as the double agent Kim Philby Some of these letters dispute previous assessments of his character such as his alleged anti-Semitism or obscenity and he emerges as a man of deep integrity decency and courage Others reveal the agonies of his romantic life especially his relations with his wife Vivien Greene and with one of his mistresses Catherine Walston The letters can be poignant despairing amorous furious or amusing but the sheer range of experience contained in them will astound everyone who reads

southernmost stop of the Grand Tour beyond which it was assumed lay violent disorder earthquakes malaria bandits inhospitable inns few roads and appalling food On the other hand Southern Italy lay at the heart of Magna Graecia whose legends were hard wired into the cultural imaginations of the educated This book studies the British travellers who visited Italy's Southern territories Spanning the late eighteenth century to the mid twentieth century the author considers what these travellers discovered not in the form of a survey but as a series of unfolding impressions disclosing multiple Southern Italies Of the numerous travellers analysed within this volume the central figures are Henry Swinburne Craufurd Tait Ramage and Norman Douglas whose *Old Calabria* 1915 remains in print Their appeal is that they take the region seriously Southern Italy wasn't simply a testing ground for their superior sensibilities it was a vibrant curiosity unknown but within reach Was the South simply behind on the road to European integration or was it beyond a fault line representing a viable alternative to Northern neuroses The travelogues analysed in this book address a wide variety of themes which continue to shape discussions about European identity today

Antipodean America Paul Giles, 2013 A sweeping study that spans two continents and over three hundred years of literary history Antipodean America identifies the surprising affinities between Australian and American literature

Imagined Australia Renata Summo-O'Connell, 2009 From Terra Nullius to Land of Opportunities and Last Frontier the European dream has constructed and deconstructed Australia to feed its imagination of new societies At the same time Australia has over the last two centuries forged and re-invented its own liaisons with Europe arguably to carve out its identity From the arts to social sciences to society itself a complex dynamic has grown between the two continents in ways that invite study and discussion A transnational research group has begun its collective investigation project of which this first volume is the outcome The book is a substantial multidisciplinary collection of current research and offers critical perspectives on culture literature and history around themes at the heart of the Imagined Australia project The essays instigate reflection discovery and discussion of how reciprocal imagining between Australia and Europe has articulated itself and ways and dimensions in which a relationship between communities imagined and not has unfolded
