Feminist Perspectives on Building a Better Psychological Science of Gender Tomi-Ann Roberts, Nicola Curtin, Lauren E. Duncan, Lilia M. Cortina, 2016-10-15 This timely and thought provoking collection explores the ways in which psychological science interacts with and addresses gender across varied subdisciplines in the field from a feminist viewpoint A particular aim of this volume is to move the conversation of gender in psychology beyond a difference only paradigm Veteran and emerging feminist scholars survey the handling of sex and gender issues across psychology and describe how feminist perspectives and methodologies can and should be applied to enhance the field itself but also in the service of social justice in the various cultures of corporations academia and the global stage Contributions span theoretical advances latest empirical findings and real world advocacy with instructive and illuminating first person accounts detailing challenges and rewards of feminist scholarship and practice in psychology Throughout the volume chapters document a dynamic field in its evolution from the traditional two dimensional study of gender based differences to concerted multidisciplinary approaches to cutting edge feminist theoretical and methodological advances such as intersectionality to understand gender in context The volume is divided into three distinct sections The first covers current theory and research in psychological science that considers gender beyond a difference only paradigm Then leading feminist scholars reflect upon their own experiences in their respective subdisciplines Finally the third section explores innovative best practices and applications for feminist psychological science Highlights of the coverage Beyond difference Gender as a quality of social settings Adventures in feminist health psychology Teaching about and conducting feminist psychological science Mind the thigh gap Bringing feminist psychological science to the masses Feminist psychologists and institutional change in universities With its stimulating compilation of theories research and applications

Feminist Perspectives On Building A Better Psychological Science of Gender is one of the most forward thinking and innovative treatments of the field in recent years It is a significant and important text for all psychologists women s and gender studies specialists social science researchers and all those interested in using evidence based psychological science to create a more just and equitable world

The Psychology of Women and Gender Nicole M. Else-Quest, Janet Shibley Hyde, 2021-01-20 A psychology of women textbook that fully integrates transgender research issues and concerns With clear comprehensive and cutting edge coverage The Psychology of Women and Gender Half the Human Experience delivers an authoritative analysis of classical and up to date research from a feminist psychological viewpoint Authors Nicole M Else Quest and Janet Shibley Hyde examine the cultural and biological similarities and differences between genders noting how these characteristics can affect issues of equality Students will come away with a strong foundation for understanding the dynamic influences of gender sexual orientation and ethnicity in the context of psychology and society The Tenth Edition further integrates intersectionality throughout every chapter updates language for more transgender inclusion and incorporates new content from guidelines put forth from the American Psychological Association

The Psychological Development of Girls and Women Sheila Greene, 2014-11-27 Choice Recommended Read This thoroughly revised new edition updates Sheila Greene s original transformative account of the psychological development of girls and women and the central role of time in shaping human experience Greene critically reviews traditional and contemporary theoretical approaches ranging from orthodox psychoanalysis to relational and post modern theories and argues that even those that claim to focus on development have presented a view of women s lives as fixed and determined by their nature or their past These theories she believes should be rejected because of their inherent lack of validity and their frequently oppressive implications for women Essential but often neglected insights from the more compelling developmental and feminist theories are woven together within a theoretical framework that emphasizes temporality emergence and human agency The result is a liberating theory of women s psychological development as constantly emerging and changing in time rather than as static and fixed by their nature socio cultural context and personal history Updated for a new generation of readers The Psychological Development of Girls and Women will continue to be essential reading for students and researchers in the psychology of women developmental psychology and women s studies

Rage Becomes Her Soraya Chemaly, 2018-09-11 A BEST BOOK OF 2018 SELECTION NPR The Washington Post Book Riot Autostraddle Psychology Today A BEST FEMINIST BOOK SELECTION Refinery 29 Book Riot Autostraddle BITCH Rage Becomes Her is an utterly eye opening Bustle book that gives voice to the causes expressions and possibilities of female rage As women we ve been urged for so long to bottle up our anger letting it corrode our bodies and minds in ways we don t even realize Yet there are so so many legitimate reasons for us to feel angry ranging from blatant horrifying acts of misogyny to the subtle drip drip drip of daily sexism that reinforces the absurdly damaging gender norms of our society In *Rage Becomes Her* Soraya Chemaly argues that our anger is not only

justified it is also an active part of the solution We are so often encouraged to resist our rage or punished for justifiably expressing it yet how many remarkable achievements would never have gotten off the ground without the kernel of anger that fueled them Approached with conscious intention anger is a vital instrument a radar for injustice and a catalyst for change On the flip side the societal and cultural belittlement of our anger is a cunning way of limiting and controlling our power one we can no longer abide A work of great spirit and verve Time Rage Becomes Her is a validating energizing read that will change the way you interact with the world around you **The Gender Knot** Allan Johnson,2014-10-19 New Third Edition The Gender Knot Allan Johnson s response to the pain and confusion that men and women experience by living with gender inequality explains what patriarchy is and isn t how it works and what gets in the way of understanding and doing something about it Johnson s simple yet powerful approach avoids the paralyzing trap of guilt blame anger and defensive denial that often results from conversations about gender This edition features Updated references data resources and examples especially in relation to issues of sexual orientation and gender identity e g gay marriage transgender cisgender A glossary of terms A new chapter What Changes and What Does Not Manhood and Violence that provides an extended analysis of the causes of men s violence as a patriarchal phenomenon *Social Psychology* John D. DeLamater,Daniel J. Myers,Jessica L. Collett,2018-05-04 Written by well known sociologists John D DeLamater Daniel J Myers and Jessica L Collett this fully revised and updated edition of Social Psychology is a highly accessible and engaging exploration of the question what is it that makes us who we are With hundreds of real world examples figures and photographs and grounded in the latest research the text explores such topics as self attitudes social influence emotions interpersonal attraction and relationships and collective behavior The book also explains the methods that social psychologists use to investigate human behavior in a social context and the theoretical perspectives that ground the discipline Each chapter is a self contained unit for ease of use in any classroom *Sexual Development in Childhood* John Bancroft,2003-12-11 Approached with either indifference or panic in our culture discussion of childhood sexuality remains submerged within political and moral debates that have historically impeded its understanding In contrast Sexual Development in Childhood brings together respected researchers and clinicians to assess the current state of knowledge about childhood sexuality The result is a comprehensive presentation of the latest research that is rational balanced and thorough The wide ranging essays in Sexual Development in Childhood seek collectively to answer many of the most vital questions in the field of childhood development What is childhood sexuality and why should it be studied How should it be measured and what research methods are most useful What are the current empirical results of research and in what direction do these studies intend to go in the future The essays offered in answer to these questions propose to help us understand both the normal range of sexual development in children and the consequences of abusive sexual experiences objectives that should make this volume an essential resource for teachers advocates and social policy professionals as well as for researchers and clinicians **An Introduction To**

Applying Social Work Theories And Methods Teater, Barbra, 2014-03-01 A student friendly introduction to social work theories and methods drawing on current social work research *International Handbook of Psychology Learning and Teaching* Joerg Zumbach, Douglas A. Bernstein, Susanne Narciss, Giuseppina Marsico, 2022-12-16 The International Handbook of Psychology Learning and Teaching is a reference work for psychology learning and teaching worldwide that takes a multi faceted approach and includes national international and intercultural perspectives Whether readers are interested in the basics of how and what to teach in training psychology teachers in taking steps to improve their own teaching or in planning or implementing research on psychology learning and teaching this handbook will provide an excellent place to start Chapters address ideas issues and innovations in the teaching of all psychology courses whether offered in psychology programs or as part of curricula in other disciplines The book also presents reviews of relevant literature and best practices related to everything from the basics of course organization to the use of teaching technology Three major sections consisting of several chapters each address Teaching Psychology in Tertiary Higher Education Psychology Learning and Teaching for All Audiences and General Educational and Instructional Approaches to Psychology Learning and Teaching
