Losing Ground Regular Under:

Losing Ground David M. Burley, 2010-04-26 What is it like to lose your front porch to the ocean To watch salt water destroy your favorite fishing holes To see playgrounds and churches subside and succumb to brackish and rising water The residents of coastal Louisiana know For them hurricanes are but exclamation points in an incessant loss of coastal land now estimated to occur at a rate of at least twenty four square miles per year In *Losing Ground* coastal Louisianans communicate the significance of place and environment During interviews taken just before the 2005 hurricanes they send out a plea to alleviate the damage They speak with an urgency that exemplifies a fear of losing not just property and familiar surroundings but their identity as well People along Louisiana's southeastern coast hold a deep attachment to place and this shows in the urgency of the narratives David M Burley collects here The meanings that residents attribute to coastal land loss reflect a tenuous and uprooted sense of self The process of coastal land loss and all its social components from the familial to the political impacts these residents concepts of history and the future Burley updates many of his subjects narratives to reveal what has happened in the wake of the back to back disasters of Hurricanes Katrina and Rita *Report of the Attorney General on Competition in the Synthetic Rubber Industry* United States. Department of Justice, 1962 *Losing Ground (10th Anniversary Edition)* Charles Murray, 2008-08-04 This classic book serves as a starting point for any serious discussion of welfare reform *Losing Ground* argues that the ambitious social programs of the 1960s and 1970s actually made matters worse for its supposed beneficiaries the poor and minorities Charles Murray startled readers by recommending that we abolish welfare reform but his position launched a debate culminating in President Clinton's proposal to end welfare as we know it

Ordinary Poverty William DiFazio, 2006 At St John's Bread and Life a soup kitchen in the Bedford Stuyvesant section of Brooklyn over a thousand people line up for food five days a week In this trenchant and groundbreaking work author Bill DiFazio breathes life into the stories of the poor who have in the wake of welfare reform and neoliberal retreats from the caring state now become a permanent part of our everyday life No longer is poverty a war to be won as DiFazio laments In a mixture of storytelling and analysis DiFazio takes the reader through the years before and after welfare reform to show how poverty has become ordinary a fact of life to millions of Americans and to the thousands of social workers volunteers and everyday citizens who still think poverty ought to be eradicated Arguing that only a true program of living wages rather than permanent employment is the solution to poverty DiFazio also argues a case for a true poor people's movement that links the interests of all social movements with the interests of ending poverty *Tutonish: Or, Anglo-German Union Tongue* Elias Molee, 1901 **The Pacific Reporter**, 1886 *Microvariation in Syntactic Doubling* Lambertus Christiaan Jozef
