Love and Limerence Dorothy Tennov, 1998-12-29 Excellent Of universal interest It deals with the subject in an entirely new way Simone de Beauvoir Originally released twenty years ago Love and Limerence has become a classic in the psychology of emotion As relevant today as it was then this book offers insight into love infatuation madness and all flavors of emotion in between Love and Limerence Lynn Willmott, Evie Bentley, 2012-11-01 Limerence is an irrational obsessive and incapacitating adoration and attachment to one person It is a nightmare version of being in love x100 It can happen to anyone and is not always about sexual attraction There are many people who are or have experienced limerence and of them few tell their secret It is painful confusing and until now there has been little knowledge or help available This book explains the experience and its possible origins and methods of escape In the shift towards self love forgiveness and compassionate acceptance limerence can become a gift giving insight empowerment and enlightenment **Modern Fantasies on Love versus Classical Romances** Ljuba Tarvi, 2023-07-14 Viewed through the lens of physics love conquers nothing is the conclusion reached when love patterns in romances are viewed through laws of quantum physics In this book based on the metaphor Love Text is Energy love in fiction is interpreted in the same way as subatomic particles are studied in quantum mechanics by investigating traces of their clashes in giant colliders i e as Marx s converted forms of the protagonists conscious and unconscious decisions and actions The book introduces the Token Valence Method which assumes that a word like an elementary particle is neither a particle nor a wave but rather a quantum state The TVM has revealed three models of love patterns in fiction adaptation 21st century alienation 20th century and imagination 1991 2021 Romantic Love and Sexual Behavior Victor C. de Munck, 1998-04-16 Westerners believe that love makes life worth living that sex is a natural desire different in kind from love and that only cynics reduce our love life to a calculation of economic or genetic factors In this volume essays explore these and other assumptions about the relationship between romantic love and sex This represents the first interdisciplinary social science study of love and sex Contributors ask and answer questions such as Is love just sex idealized or is it a transcendent and divine emotion Is love a cultural construct that is shared by members of the same culture or is it a matter of personal taste What keeps promiscuous people from using condoms even when they know they are at risk Are black professional men so rare that their conceptions of love and sex differ from those of white professional men Are brutal sexual fantasies an exclusively male domain and are they always excluded from love fantasies among normal adolescents Is divorce a culturally induced response to evolutionary reproductive strategies that compel individuals to maximize their genetic legacy Are marriages or relationships less satisfying or stable when an actual mate falls short of the fantasy of the ideal mate Is there a universal core to love and sex that is camouflaged by other cultural norms such as modesty and sexual segregation Is rape perceived as more acceptable when the rapist says he was motivated by love What do cult movements and romantic love have in common As they attempt to answer these and other questions the authors

extend our understanding of the variety of ways that love and sex are conceptualized connected or separated **The Eighteen Stages of Love** John C. Leggett, Suzanne Malm, 1995 **Screw the Fairytale - A Modern Girl's Guide to Sex and Love** Helen Croydon, 2014-02-03 In *Screw the Fairytale* Helen Croydon traces the history of relationships in an immersive first person account She shows how marriage was never supposed to be about love anyway She investigates the prevalence of mistresses across different eras and cultures to see what we can learn from infidelity and explores the science of falling in love Highlights of her mission take in a polyamorous commune in the Scottish Highlands where she has to carry out a sexual pact a wife finding tour to the Ukraine and infiltrating a network of single professional women who've chosen to give up on finding love and get a sperm donor instead Interviews with psychologists evolutionists asexuals swingers philanderers long term marrieds mistresses and 40 year old virgins all combine to break new ground in this humorous and insightful guide to sex and love for the modern girl *Your Love Path* Joe Beam, 2009 **I Love You but I'm Not in Love with You** Andrew G Marshall, 2010-02-15 How do you fall back in love This was the underlying problem of one in four couples seeking help from relationship therapist Andrew G Marshall They described their problem as I love you but I'm not in love with you Noticing how widespread the phenomenon had become he decided to look more closely Why were these relationships becoming defined more by companionship than by passion and why was companionship no longer enough From his research Andrew has devised his own unique programme By looking at how a couple communicate argue share love take responsibility give and learn he offers in seven steps a reassuring and empowering map for how two individuals can better understand themselves strengthen their bond and recover that lost magic **Love, and the things you didn't know but need to...** Steven Norton, 2012-04-23 Love is at the center of the needs and dreams of everyone in some shape degree or form but what depth of understanding do we actually possess Do we know what advantages it will give us to have clear definitions Do we know what disadvantages working from generalized ambiguous assumptions can have on us and friends or family The point of this book is to give you simple definition of terms to cover all the things modern life throws up Including definitions which protect us and which pertain to the clinical understanding in love and its negative side Many of the words will open up new potential and private dialogues between friends family and partners allowing an open yet private conversation beyond the ability and capacity of prying ears This in turn will open up an ability to understand and converse about things that you couldn't get out before or comprehend and why you couldn't fix them **The Path of Love** Ronald D. Cowen, 2015-02-05 The Buddha was a scientist Instead of using a microscope or a particle accelerator the Buddha used ESP He had several psychic powers that allowed him to perceive in detail the psychology of karma the evolution of consciousness and subatomic particles He discovered love and self love to be organizing principles that evolved early in the history of intelligent consciousness especially with regard to feelings and emotions Every person has the deepest need to love and be loved He solved the mind body problem by perceiving the physical basis of intelligent consciousness These psychic powers are

acknowledged in Hindu and Buddhist scriptures but extremely few people have them This book is essentially a meditation report written by someone who has them While this sounds like an invitation to return this book to the shelf in a bookstore it also documents in depth another report by a physicist Stephen Phillips who relates in comprehensive detail the relationship between modern superstring theory and extrasensory observation of the elements of the periodic table by Annie Besant and Charles Leadbeater of the Theosophical Society This strong connection between modern physics and psychic powers of the Buddha is a real challenge to both the modern scientist and the modern Buddhist Philosophy of Love in the Past, Present, and Future André Grahle, Natasha McKeever, Joe Saunders, 2022-01-25 This volume features original essays on the philosophy of love The essays are organized thematically around the past present and future of philosophical thinking about love In Part I the contributors explore what we can learn from the history of philosophical thinking about love The chapters cover Ancient Greek thinkers namely Plato and Aristotle as well as Kierkegaard's critique of preferential love and Erich Fromm's mystic interpretation of sexual relations Part II covers current conceptions and practices of love These chapters explore how love changes over time the process of falling in love the erotic dimension of romantic love and a new interpretation of grand parental love Finally Part III looks at the future of love These chapters address technological developments related to love such as algorithm driven dating apps and robotic companions as well as the potential of polyamory as a future romantic ideal This book will be of interest to researchers and advanced students in moral philosophy and social and political philosophy who are working on issues related to the philosophy of love **Proceedings from Philosophy of Love Volume 1 Spring 2017** Dana Trusso, 2017-06-14 Philosophy of Love is one of many courses offered at LaGuardia Community College CUNY in the Philosophy and Critical Thinking Program The journal is a collection of student work inspired by the readings and discussions from HUP 215 during the Spring 2017 semester Inside you will find each student's final paper along with a critical review and a response from the author The format reflects the dialectical process that we embarked on during class discussions up and down the ladder of love The ascent is a challenging struggle The dialectic continues motivated by a love for wisdom self and others chiseling away as we sculpt our characters in the pursuit of the good life A Clinical Guide to Treating Behavioral Addictions Amanda L. The Spirituality of Sex J. Harold Ellens, 2009-03-20 This book describes the psychospiritual facts of life about the pervasiveness of sexuality in all aspects of human life The energy developed by our libido is the dynamic source of all the forces that shape our experience life motives thought feelings desires and spiritual longings No facet of life is untouched or unshaped by this dynamo Whether we are sitting in church at worship in a meeting for business in a party for pleasure we are always aware of the gender of those who are around us and of their level of sensuality as it impacts us If we are not aware of that some wounding has produced an impairment in us that has forced us to repress the awareness inappropriately This work is not a how to manual so much as a description of the deep meaningfulness that can be found in the spirituality of sex It is designed

to enlighten us about ourselves to give names to what we all feel all the time and do not know quite how to describe It is about savoring the spiritual flavor of sexual play and sexual union This is a book for everyone from the inquiring adolescent to the mature adult looking for what is missing in sex and relationships This is not a book mainly for Christians or Jews It is about the generic human spirituality in every one of us true believer and atheist alike It is about being human more fully and with greater satisfaction Human spirituality is best defined as our irrepressible hunger and quest for meaning in all aspects of life Human sexuality is best defined as our irrepressible hunger and quest for union with other persons and the meaning of life found in the wholeness that such union brings Sexuality and spirituality are not two different things They are two names for the same thing the irrepressible human quest for meaning fulfillment union and wholeness They are not two different forces nor are they in any way at odds with one another as they have been made to seem in the polarizing attitudes about sexuality and spirituality popular in human society thanks to the excessive and negative moralization of sex Here Ellens sheds new light on the interplay of sexuality and spirituality through the use of anecdotes observation and thoughtful analysis
