Steadman, 2024-01-11 Providing a new perspective on Lovecraft's life and work *Horror as Racism in H. P. Lovecraft* focuses on the overlap between the writer's personal beliefs and the racist images and narratives in his speculative fiction Building on recent debates about Lovecraft and drawing on the concept of white fragility John Steadman argues that the writer's fiction reflects his feelings of resentment and anger towards non-white persons and was used to advocate for his racist xenophobic political beliefs that western civilization was in decline and slavery was justifiable among superior civilizations In making these claims Lovecraft's tales pit humans against extra-terrestrial aliens developing a terrifying futuristic vision of the Earth as a plantation planet The familiar image of Lovecraft as a reclusive creative genius and mentor to young writer friends is dismantled through close readings of his fiction and nonfiction including correspondence essays and poetry and examination of his early biography This image is replaced by that of a cruel callous and at times psychotic man a violently vitriolic racist and white supremacist who hated most of the non-white races While some will dismiss the author outright and others will read his fiction but ignore the racism *Horror as Racism in H. P.
