H. Lawrence, 2016-01-14 FOREWORD The present book is a continuation from Psychoanalysis and the Unconscious The generality of readers had better just leave it alone The generality of critics likewise I really don't want to convince anybody It is quite in opposition to my whole nature I don't intend my books for the generality of readers I count it a mistake of our mistaken democracy that every man who can read print is allowed to believe that he can read all that is printed I count it a misfortune that serious books are exposed in the public market like slaves exposed naked for sale But there we are since we live in an age of mistaken democracy we must go through with it I warn the generality of readers that this present book will seem to them only a rather more revolting mass of wordy nonsense than the last I would warn the generality of critics to throw it in the waste paper basket without more ado As for the limited few in whom one must perforce find an answerer I may as well say straight off that I stick to the solar plexus That statement alone I hope will thin their numbers considerably Finally to the remnants of a remainder in order to apologize for the sudden lurch into cosmology or cosmogony in this book I wish to say that the whole thing hangs inevitably together I am not a scientist I am an amateur of amateurs As one of my critics said you either believe or you don't Delphi Collected Works of D.H. Steven Soderbergh Anthony Kaufman,2015-05-01 The long and prolific career of Steven Soderbergh b 1963 defies easy categorization From his breakout beginnings in 1989 with sex lies and videotape to 2013 when he retired from big screen studio movie making to focus on other pursuits including television the director s output resembles nothing less than an elaborate experiment Soderbergh s Hollywood vehicles such as the Ocean s Eleven movies Contagion and Magic Mike appear just as risky and outside the box as low budget exercises such as Schizopolis Bubble and The Girlfriend Experience This updated edition details key career moments his creative crisis surrounding his fourth film The Underneath his rejuvenation with the ultra low budget free style Schizopolis the mainstream achievements Erin Brockovich Traffic and the Ocean s Eleven films and his continuing dedication to pushing his craft forward with films as diverse as conspiracy thrillers sexy dramas and biopics on Che Guevara and Liberace Spanning twenty five years these conversations reveal Soderbergh to be as self effacing and lighthearted in his later more established years as he was when just beginning to make movies He comes across as a man undaunted by the glitz and power of Hollywood remaining above all a truly independent filmmaker unafraid to get his hands dirty and pick up the camera himself
