Business Fundamentals for Engineering Managers C.M. Chang, 2014-08-31 Engineering managers and professionals make a long and lasting impact in the industry by regularly developing technology based projects as related to new product development new service innovation or efficiency centered process improvement or both to create strategic differentiation and operational excellence for their employers They need certain business fundamentals that enable them to make decisions based on both technology and business perspectives leading to new or improved product or service offerings which are technically feasible economically viable marketplace acceptable and customer enlightening This book consists of three sets of business fundamentals The chapter Cost Accounting and Control discusses service and product costing activity based costing to define overhead expenses and risk analysis and cost estimation under uncertainty The chapter Financial Accounting and Analysis delineates the key financial statements financial analyses balanced scorecard ratio analysis and capital asset valuation including operations opportunities and acquisition and mergers The chapter Marketing Management reviews marketing functions marketing forecasting marketing segmentation customers and other factors affecting marketing in making value adding contributions The new business vocabulary and useful analysis tools presented will enable engineering managers to become more effective when interacting with senior management and to prepare themselves for assuming higher level corporate responsibilities

Towards Effective Place Brand Management Gregory Ashworth, Mihalis Kavaratzis, 2010-01-01 Many facets of place branding such as identities image promotion or sense of place have been around for a long time However the need to analyse their nature in the context of branding and to examine their relationships in detail has grown rapidly in the last decade or so as places all over the world have put branding activities higher than ever in their agenda This important new book examines and clarifies key aspects of the recently popularised concept of place branding expounding many controversies confusions and discords in the field The expert contributors clarify several

unresolved issues surrounding the application of place branding in particular its multiple goals They provide a detailed analysis of the role of local communities in place branding strategies and illustrate not only how but also why brand management should be implemented Case studies from a range of jurisdictions and cultural and political viewpoints are drawn upon each illustrating an array of issues or techniques in specific economic cultural and geographical contexts This book provides a theoretically informed but practically oriented overview and discussion of the increasingly popular field of place branding as an instrument of place management As such it will strongly appeal to both academics and practitioners in the fields of place marketing place branding local development tourism planning and development tourism marketing cultural geography urban and regional planning Consultants in local authorities national and regional tourism boards will also find this to be a fascinating read

Service Innovation and Management Lars Witell, 2025-01-28 This open access book investigates how digitalization and service infusion are changing service provision and the customer experience It highlights the central role of service management and service innovation in making these changes not only appear in theory but also implementing them in business practice At the beginning of the 21st century many manufacturing firms struggled to exploit the financial potential of service businesses a phenomenon described as the service paradox While many manufacturing firms are still struggling with this paradox several firms both service and manufacturing firms are simultaneously struggling with digitalization This phenomenon can be viewed as the digitalization paradox i e as a situation in which companies invest in digitalization but struggle to reach the expected revenue growth By applying the lens of service innovation to digitalization and service infusion the book showcases how firms can overcome the service and digitalization paradoxes transform service provision and improve the customer experience It offers comprehensive coverage blending literature reviews conceptualizations empirical illustrations and case studies to offer a multifaceted perspective on corporate strategies illuminating pathways to address the challenges posed by the service and digitalization paradoxes Built on the latest research from the CTF Service Research Center at Karlstad University Sweden this book offers a valuable resource for managers seeking practical strategies and approaches to enhance their understanding and implementation of service management and marketing principles It will also appeal to academics with an interest in service management and marketing
