Usman,2023-04-04 This book explains the multiple perspectives of Central Asia or Eurasia as it relates to the economic security and energy fields Sahibzada Muhammad Usman clarifies the influence of America Russia Europe and China on Eurasian countries Central Asia consists of five former Soviet nations Uzbekistan Turkmenistan Tajikistan Kyrgyzstan and Kazakhstan Eurasia and international players current association depends on geographic political economic and security factors Eurasia or Central Asia sits at the center of the Asian continent a region rich in history and culture This region benefits from a mixture of national identities that have been developed carefully for many centuries *US Policies in Central Asia* Ilya Levine,2016-06-10 Democracy promotion security and energy are the predominant themes of US policy in Central Asia after the Cold War This book analyses how the Bush administration understood and pursued its interests in the Central Asia states namely Kyrgyzstan Tajikistan Kazakhstan Uzbekistan Turkmenistan It discusses the shift in US interests after September 11 and highlights key ideas actors and processes that have been driving US policy in Central Asia The author examines the similarities between the Bush and Obama administrations attitudes towards the region and he points to the inadequacy of the personality focused partisan accounts that have all too often been deployed to describe the two presidential administrations To understand US Central Asian policy it is necessary to appreciate the factors behind its continuities as well as the legacies of the September 11 attacks Using case studies on the war on terror energy and democracy drawing on personal interviews with Americans and Central Asians as well as the fairly recent releases of declassified and leaked US Government documents via sources like the Rumsfeld Papers and Wikileaks the author argues that the US approached Central Asia as a non unitary state with an ambiguous hierarchy of interests Traditionally domestic issues could be internationalised and non state actors were able to play significant roles The actual relationships between its interests were neither as harmonious nor as conflicted as the administration and some of its critics claimed Shedding new light on US relations with Central Asia this book is of interest to scholars of Central Asia US Politics and International Relations **Islam in Central Asia and the Caucasus Since the Fall of the Soviet Union** Bayram Balci,2018-10-15 With the end of the Soviet Union in 1991 a major turning point in all former Soviet republics Central Asian and Caucasian countries began to reflect on their history and identities As a consequence of their opening up to the global exchange of ideas

various strains of Islam and trends in Islamic thought have nourished the Islamic revival that had already started in the context of glasnost and perestroika from Turkey Iran the Arabian Peninsula and from the Indian subcontinent the four regions with strong ties to Central Asian and Caucasian Islam in the years before Soviet occupation Bayram Balci seeks to analyse how these new Islamic influences have reached local societies and how they have interacted with pre existing religious belief and practice Combining exceptional erudition with rare first hand research Balci s book provides a sophisticated account of both the internal dynamics and external influences in the evolution of Islam in the region
