Greece Through Irish Eyes Richard:

Greece Through Irish Eyes Richard Pine, 2015 An insightful personal view of Greece from an Irish Times columnist focusing on history society and culture

Irish Poets and Modern Greece Joanna Kruckowska, 2017-09-21 This book explores the perception of modern Greek landscape and poetry in the writings of Seamus Heaney and Derek Mahon Delving into travel writing ecocriticism translation and allusion it offers a fresh comparative link between Greek modernity and Irish poetry that counterbalances the preeminence of Greek antiquity in existing criticism The first section devoted to travel and landscape examines Mahon's modern perception of the Aegean inspired by his travels to the Cyclades between 1974 and 1997 as well as Heaney's philhellenic relationship with mainland Greece between 1995 and 2004 The second section offers a close analysis of their C P Cavafy translations and compares George Seferis original texts with their creative rendition in the writings of the Irish poets The book will appeal to readers of poetry as well as those interested in the interactions between Ireland and Greece two countries at the extreme points of Europe in times of crisis

The Eye of the Xenos, Letters about Greece (Durrell Studies 3) Richard Pine, Vera Konidari, 2021-05-04 The condition of Greece ever since its establishment as a sovereign state in 1830 has been the subject of intense international debate centring on its pivotal role in the Balkans This has been aggravated by Greece's economic collapse in 2010 and by the ongoing refugee crisis by environmental disasters terrorism and the Macedonian question This book's analysis and assessment of Greek social cultural and political life is trenchant up front and passionate based on the author's belief that one cannot love Greece without also mourning the fault lines in bureaucracy and the dynastic politics which have dominated it since its inception This book features a selection of the author's Letters from Greece from The Irish Times and his Eye of the Xenos from the Greek newspaper Kathimerini in its entirety in both English and a Greek translation including columns which Kathimerini refused to print due to the nature of their political commentary

Greece Between East and West Richard Pine, 2023-03-29 Greece Between East and West looks at the central geopolitical situation of Greece and its pivotal role in the Balkans and the Levant The trend towards modernisation and westernisation is examined in the light of traditional values in culture language history and politics which reflect Greece's eastern legacy and the continuing presence of that legacy in contemporary society It features original creative writing an interview with a leading film maker provocative accounts of political and cultural agitation on the Aegean islands aspects of Greek music and drama plus historical accounts of Greek cities like Smyrna Izmir and Alexandria and the new phenomenon of China's re-creation of the historic Silk Road Additionally Greece Between East and West features a Foreword by Roderick Beaton one of the most distinguished scholars and commentators on Greek history and social affairs and current Chair of the British School at Athens

Greece Roderick Beaton, 2021-06-04 For many Greece is synonymous with ancient Greece the civilization that gave us much that defines Western culture today But how did Greece come to be so powerfully attached to the legacy of the ancients in the first place and then define an identity for itself that is

at once Greek and modern This book reveals the remarkable achievement during the last three hundred years of building a modern nation on the ruins of a vanished civilization sometimes literally so This is the story of the Greek nation state but also and more fundamentally of the collective identity that goes with it It is not only a history of events and high politics it is also a history of culture of the arts of people and of ideas Opening with the birth of the Greek nation state which emerged from encounters between Christian Europe and the Ottoman Empire Roderick Beaton carries his story into the present moment and Greece's contentious post recession relationship with the rest of the European Union Through close examination of how Greeks have understood their shared identity Beaton reveals a centuries old tension over the Greek sense of self How does Greece illuminate the difference between a geographically bounded state and the shared history and culture that make up a nation A magisterial look at the development of a national identity through history Greece Biography of a Modern Nation is singular in its approach By treating modern Greece as a biographical subject a living entity in its own right Beaton encourages us to take a fresh look at a people and culture long celebrated for their past even as they strive to build a future as part of the modern West
