significant contribution to the sustainable urbanisation agenda through authoritative interventions contextualising assessing and explaining the relevance and importance of three central characteristics of sustainable towns and cities everywhere that they be accessible green and fair

Urban Greening Techniques: An Introduction Chun Liang Tan, 2023-07-24 What is the best way to design with greenery What are the benefits of selecting one species of tree over another and placing it at Point A instead of Point B Will it cost more than the benefits it provides If you have ever asked these questions this book is for you Greenery is an integral part of the sustainable planning and design ethos Besides beautifying the environment it can also help alleviate adverse impacts of urbanisation such as the Urban Heat Island effect This book provides an introduction to the various technologies and techniques that facilitate the urban greening process Each chapter introduces the concept of urban greenery at different scales city precinct and plant as well as relevant methods and considerations for implementation Assessment frameworks are provided to maximise the benefits of greenery whilst minimising disservices associated with poor planning execution or maintenance of greenery or greenery systems Simple exercises and online resources are provided to illustrate how concepts from this book can be applied in practice This textbook is essential reading for anyone interested in urban greenery and how it can make a tangible positive impact on our built environment from students in the architecture landscape architecture and building construction disciplines to urban planners building owners designers and facility managers who wish to make more informed choices when incorporating greenery into the urban environment during the planning design construction and maintenance stages

Nordic Experiences of Sustainable Planning Sigríður Kristjánsdóttir, 2017-08-23 For well over a decade there has been a drive towards sustainability in planning throughout the Nordic countries But are these countries experiencing a paradigm shift in planning research and practice with regards to sustainability Or is the sustainability discourse leading them into an impasse in planning This book includes overviews of the planning systems in the five Nordic countries drawing attention to their increasing focus on sustainability A leading team of scholars from the fields of planning urban design architecture landscape economics real estate and tourism explore how the notion of sustainability has shaped planning research in the Nordic countries Case studies from Iceland Sweden Finland Norway and Denmark shed light on what lessons can be learned and some possible future developments By focusing on the actual settings and practices of local and regional planning activities it enables a discussion on the current state of planning for a more sustainable future This book will be valuable reading for students and academics interested in planning policy environmental policy architecture and urban design work

Suburbia in the 21st Century Paul Maginn, Katrin B. Anacker, 2022-03-24 The majority of the world's population now live in urban areas and the 21st century has been declared as the urban age However closer inspection of where people live in cities especially within so called advanced liberal democracies such as Australia the United Kingdom and the United States reveals that most people live in different types of suburban environments Drawing together scholars from across the globe this book provides a series of national regional and

local case studies from Australia Canada Finland France Ireland Spain the United Kingdom and the United States to exemplify the diverse and dynamic nature and importance of suburbia in 21st century urban studies city building and urbanism This book explores the evolving social physical and economic character of the suburbs and how structural processes market dynamics and government policies have shaped and transformed suburbia around the world It highlights the continuing importance of the suburbs and the suburban dream which lives on albeit under increasing challenges such as the global financial crisis structural racism and the Covid 19 pandemic which have given rise to various suburban nightmares

Ecocritical Aesthetics Peter Quigley, Scott Slovic, 2018-02-28 This lively collection of essays explores the vital role of beauty in the human experience of place interactions with other species and contemplation of our own embodied lives Devoting attention to themes such as global climate change animal subjectivity environmental justice and activism and human moral responsibility for the environment these contributions demonstrate that beauty is not only a meaningful dimension of our experience but also a powerful strategy for inspiring cultural transformation Taken as a whole they underscore the ongoing relevance of aesthetics to the ecocritical project and the concern for beauty that motivates effective social and political engagement

Creative Approaches to Planning and Local Development Abdelillah Hamdouch, Torill Nyseth, Christophe Demaziere, Anniken Førde, José Serrano, Nils Aarsæther, 2016-07-15 This book project highlights creative approaches to planning and local development The dynamic complexity diversity and fluidity which characterize contemporary society represent challenges for planning and development endeavours While research and policy work has extensively focused on large cities and on metropolitan regions there has been relatively little work on smaller places This book shows that if these new challenges affect all places and regions small and medium sized towns SMSTs are suffering many specific problems that call imperatively for the design and implementation of very imaginative creative approaches to planning and local development What could enhance creativity in local development and planning Is it possible to talk about creative capacity building at the level of a town that might release imaginative and innovative activities Under what local and non local conditions is creativity being initiated and flourishing What are the major obstacles and in what way can these be contained in order to safeguard pockets of creative action Interdisciplinary and with case studies from France Norway and other European countries this volume presents a wide range of approaches and territorial contexts of small cities and towns in which spatial dynamics and the consequences of the city region for urban planning theory and practice in Europe are highlighted with a special focus on the challenges for and understanding of planning and development of SMSTs It provides a significant body of critical comparative and contextual perspectives on the quest for urban sustainability and resilience in SMSTs therefore emphasizing collaborative and potentially innovative approaches that can be detected but also the shortcomings pitfalls and traps that can lie behind the approaches aimed at concerting ecological economic and socio cultural concerns and the discourses promoting them

Old Europe, New Suburbanization? Nicholas A.

Phelps, 2017-09-18 The youthful vigour of urbanization in North America has promulgated a dominant perspective on urban theory specifically on suburbs that establishes the United States as the norm against which all other contexts are measured. However, much of the vocabulary surrounding the American experience isn't applicable to the wider world. Old Europe New Suburbanization takes us on a journey of rediscovery into some of Europe's oldest metropolises. The volume's contributors reveal the great variety of patterns and processes of urbanization that make Europe a fruitful ground for furthering the diversity of global suburbanisms. The effects of urban history found in such cities as Athens, London, Madrid, Montpellier, and Sofia varies greatly due to the sheer variety of economic, industrial, land, and expansionist policies at play on the continent. This collection highlights the varied historical and geographical manifestations that have shaped urban areas and provides evidence for new processes of suburbanization.

Enjoying the Song of Expression: An Mental Symphony within **Green Oslo Visions Planning And Discourse Urban Planning And Environment**

In a world eaten by screens and the ceaseless chatter of quick conversation, the melodic beauty and psychological symphony developed by the written word frequently diminish in to the back ground, eclipsed by the constant noise and disturbances that permeate our lives.
