Marcus,2007-05-15 The history of the surfboard is one of innovation innovation that has in turn shaped the sport of surfing *The Art of the Surfboard* follows this history from the first wave riding redwood planks crafted by ancient Hawaiians to the vacuum sealed lightweight plastic fantastic technological marvels of today Beautifully illustrated with historical prints and engravings as well as the latest surf photography and detailed closeups this book documents the surfboards evolution as a perfect convergence of form and function *Thai Stick* Peter Maguire,Mike Ritter,2013-11-12 The untold history of the underground marijuana trade in Thailand from surfers and sailors to pirates Located on the left bank of the Chao Phya River

Thailand's capital Krungthep known as Bangkok to Westerners and the City of Angels to Thais has been home to smugglers and adventurers since the late eighteenth century. During the 1970s it became a modern Casablanca to a new generation of treasure seekers from surfers looking to finance their endless summers to wide-eyed hippie true believers and lethal marauders left over from the Vietnam War. Moving a shipment of Thai sticks from northeast Thailand farms to American consumers meant navigating one of the most complex smuggling channels in the history of the drug trade. Many forget that until the mid 1970s the vast majority of marijuana consumed in the United States was imported and there was little to no domestic production. Peter Maguire and Mike Ritter are the first historians to document this underground industry; the only record of its existence rooted in the fading memories of its elusive participants. Drawing on hundreds of interviews with smugglers and law enforcement agents, the authors recount the buy/delivery voyage home and product offload. They capture the eccentric personalities of the men and women who transformed the Thai marijuana trade from a GI cottage industry into a professionalized business, moving the world's most lucrative commodities, unraveling a rare history from the smugglers' perspective. Highly recommended for anyone who loves adventure, cannabis, surfing, or all of the above. It's every single bit as heady, energetic, and captivating as the title implies. **Cannabis Now** Ethno-Aesthetics of Surf in Florida Anne

Barjolin-Smith, 2020-09-21. **Ethno aesthetics of Surf in Florida** discusses surf and music as glocal sociocultural constructs. Focusing on Florida's unexplored surfing culture, the book illustrates how musical experience begets representations about the world that highlight ways of acting and being of various sociocultural communities. Based on the conceptualization of ethno aesthetics, this ethnographic study provides an analysis of the Space Coast surfers' community's collaborative effort to build social cohesion through their musicking. This transdisciplinary research in American Studies draws upon various theoretical perspectives from both the humanities and social sciences, including ethnomusicology, social psychology, and sociolinguistics, to propose new ways of exploring the links between surfing and musicking. This monograph looks past the myth of iconic 1960s Californian surf music to show how, as a result of the globalization of surfing, the musicking of Floridian surfers has allowed them to express their subjectivities and to make sense of their world. This book contributes to the debate on the disputed notions of identity and representations by establishing connections between a local expression of the surf lifestyle and its music. It proposes theoretical models that explain cultural hybridization, appropriation, and belonging in surfing. It also develops concepts and notions such as surfanization, surf strand lifestyle crossover, and identity marking to illustrate how global practices such as surfing are endowed with various modes of expression, exemplified by the emergence of unique regional subcultures of surfing. **Surfing and Social Theory** Nicholas J Ford, David Brown, 2005-11-16. Drawing on popular surf culture, academic literature, and the analytical tools of social theory, this is the first sustained commentary on the contemporary social and cultural meaning of surfing, exploring mind and body, emotions and aesthetics. *Surfing and Social Theory* Nick Ford, David Brown, 2006.
