Hair Of The Alien Dna And Other Forensic Evidence Of Alien Abductions:

Hair of the Alien Bill Chalker, 2005-08-19 The shocking true story of a case unlike any other in the annals of UFO investigation DNA research or alien abduction July 23 1992 In Sydney Australia twenty eight year old Peter Khoury was awoken by what appeared to be two females both striking and unearthly kneeling on his bed What transpired between them was a physical assault as bizarre and disorienting as it was unnatural Then as quickly as they had arrived they vanished Khoury had become one of a legion of alien abductees with inexplicable experiences but this particular incident stood apart from all the others This time there was evidence two strands of white blond hair from one of the females Khoury s case would result in the very first forensic DNA analysis of alien abduction evidence and revealed an extraordinary biological anomaly one genetically close to human yet almost impossibly far from the human mainstream A gripping account of one of the great mysteries of our time *Hair of the Alien* brings us closer than ever before to understanding our past our origins and our place in the universe

Earth: An Alien Enterprise Timothy Good, 2013-11-05 A worldwide history of alien contact from one of the most respected authorities on the phenomenon A bible for UFO watchers *The Wall Street Journal* This fascinating new volume tells the story of contact between aliens and humans from all across the globe dating back to 1932 including meetings with military personnel and American presidents such as Eisenhower and Kennedy For the first time a former member of MI6 reveals her conversation with Neil Armstrong at a NASA conference when she confirmed that there were other spacecraft on the moon when Apollo 11 landed in 1969 Armstrong also confirmed that the CIA was behind the cover up In a further admission in December 2012 Russian Prime Minister Dmitry Medvedev revealed the president of Russia is given a special top secret folder that in its entirety contains information about aliens who have visited our planet Along with this the president is given a report of the Special Service that exercises control over aliens in our country I will not tell you how many of them are among us because it may cause panic

Out of Time Steve Aspin, 2023-08-24 In *Out of Time* The Intergenerational Abduction Program Explored author Steve Aspin has written a crossover work about the enduring worldwide reports of alien abduction The book is intended for both those familiar with the historic published case material and the curious reader unfamiliar with the decades of serious academic research on this superficially improbable phenomenon The author details his lifelong personal experience and the relationships he built with leading researchers during 15 years of investigating this phenomenon He has at all times attempted to approach the subject with critical thoroughness and intellectual rigour From stumbling on a cattle mutilation in Ireland in 1970 to witnessing a UFO after a period of missing time at age 16 in 1972 to a confrontational experience in a Sardinia hotel in 2006 the author relates a lifetime of anomalous experiences But this is only the starting point of the journey the reader of *Out of Time* will make Steve then details several years of investigation into the subject and how what he has learned has shaped his thoughts on what is happening to perhaps millions of people worldwide He had the good fortune to meet with several leading researchers in the

field including Budd Hopkins and Dr David Jacobs and read hundreds of published works on the subject of UFOs and abductions He has attempted to bring hard forensic evidence to the discussion and to follow that evidence where it may lead paying particular attention to the clearly intergenerational aspect of the global abduction program which he demonstrates with corroborating evidence almost certainly dates from the 1890s His conclusions will be of interest to anyone attentive to this field of study Whether inevitably proved right or wrong they stem from a conscious effort to bring objectivity and honesty to the analysis of this widely reported phenomenon Although successfully normalised in popular culture to become background noise or a minor comic footnote in otherwise busy lives this subject has real and serious implications for both the individual experiencer and human society collectively How to Talk to an Alien Nancy du Tertre, 2015-10-19 Even for nonbelievers the author's palpable excitement over the subject matter is endearing and entertaining Ufologists won't want to miss this work Foreword Reviews In 1972 American astronomer and ufologist J Allen Hynek first coined the term close encounter He also identified three types of close encounters with UFOs Since then several more types of encounters have been proposed A close encounter of the fourth kind is an alien abduction A closer encounter of the fifth kind is voluntary bilateral contact with an alien species We are no longer just looking at strange flying objects in the skies now we are beginning to interact with the actual pilots crew and passengers Do aliens exist In 2013 one poll showed that nearly half of all Americans 48 percent believe UFOs may be a sign of extraterrestrial visitation another found that 10 percent of Americans claim to have actually witnessed an actual UFO and yet another showed that 29 million Americans believe they had actually been abducted by aliens If aliens exist and are visiting us we need to talk Who will speak to them on behalf of planet Earth Who can translate their intentions good or evil toward the human race How can we learn about their advanced technologies Can aliens speak human languages These and even more fascinating questions are all addressed in How to Talk to an Alien Nancy du Tertre covers the various considerations involved with extraterrestrial communication including the use of alien technology ET linguistics and the possibility of using telepathy and dreams Her handbook for the future should be on every thinking person's bookshelf Jim Marrs New York Times bestselling author **Making Contact** Alan Steinfeld, 2021-05-04 I feel it is one of the best approaches I have found to grasp the most jarring enigma humanity has ever faced George Noory host of Coast to Coast AM We cannot separate the earth from its greater cosmic environment What is needed is a new story and Alan Steinfeld's Making Contact is part of that story Deepak Chopra Author Total Meditation How can we prepare for an event that is literally beyond anything humanity has ever faced Making Contact presents multiple perspectives on what no longer can be denied UFOs and their occupants are visiting our world The book answers questions which remain in the wake of the recent Pentagon's disclosures as to who and why these beings are here The volume contains original writings by the leading experts of the phenomena such as Linda Moulton Howe Earthfiles reporter Whitley Strieber best selling author of Communion Professor John E Mack former head of the Harvard Medical school of psychiatry and an

alien abduction investigator Darryl Anka internationally known for his communication with the extraterrestrial Bashar Nick Pope former UK Ministry of Defense UFO investigator Grant Cameron expert on American presidents and UFOs Drs J J and Desiree Hurtak globalists and founders of the worldwide organization The Academy for Future Science Caroline Cory director of Superhuman and ET Contact Mary Rodwell author of the New Human about star seed children Henrietta Weekes actress and writer expressing the poetic aspects of making contact Alan Steinfeld contributes and curates the collection with 30 years of experience with the subject The Foreword by George Noory of Coast to Coast AM kicks off the volume with his veteran overview of the need to wake up to the new realities of extraterrestrial existence At this critical juncture in the government s official acknowledgement of the reality of UFOs UAPs scientists politicians and mainstream news outlets have no idea what to make of these startling revelations or the outpouring of sightings and contact experiences currently being reported on a global scale The book stands as the most comprehensive clarification to date on the intent and intelligence behind the phenomena The variety of viewpoints expressed in the volume provide a solid foundation for the preparation of the greatest challenge to ever face humankind Making Contact stands as the essential handbook for embracing the most exalted moment in history Meeting the cosmic others Captured by Aliens? Nigel Watson,2020-05-22 New Hampshire couple Betty and Barney Hill provided Americans with what is essentially the original alien abduction story Since their story became public in the early 1960s many thousands of Americans have likewise come forward with similar stories of traumatic experiences Sometimes the abductee has little conscious recollection of these events but through nightmares dreams flashbacks and hypnosis they eventually learn more Sometimes the participants are bewildered To get a better understanding of the opposing viewpoints of skeptic and believer the Betty and Barney Hill case is used to examine the wider context of such encounters their historical origins media influences and the latest extraterrestrial psychological paranormal conspiracy and sociological theories that surround them **Radical Transformation** Imants Barušs,2021-01-28 In Radical Transformation Imants Baru s leads the reader out of the receding materialist paradigm into an emerging post materialist landscape in which new questions present themselves If consciousness has nonlocal properties then how are boundaries between events established If consciousness directly modulates physical manifestation then what is the scope of such modulation If consciousness continues after physical death then how much interference is there from non physical entities As we face the threat of extinction on this planet is there anything in recent consciousness research that can help us Are there effective means of self transformation that can be used to enter persistent transcendent states of consciousness that could resolve existential and global crises The author leads the reader through discussions of meaning radical transformation and subtle activism revealing the unexpected interplay of consciousness and reality along the way **Earth** Timothy Good,2021-11-16 Earth An Alien Enterprise focuses on unpublished or little known contacts with aliens the infiltration thereof and Earth s top secret liaison programmes This fascinating new edition tells the story of contact between aliens and

humans from all across the globe dating back to 1932 including meetings with military personnel and American presidents such as Eisenhower and Kennedy For the first time a former member of MI6 reveals her conversation with Neil Armstrong at a NASA conference when he confirmed that there were other spacecraft on the Moon when Apollo 11 landed in 1969 Further evidence included in this book are genuine photographs of aliens and their craft NATO special forces shown film of a crashed alien craft and survivor and perhaps most sinister injured aliens cared for by military personnel in the US and UK Earth An Alien Enterprise forces us to consider carefully the evidence and data that has stacked up over the years and to ask ourselves the perennial human question are we alone in the universe The Origins of Living Planets Alexander J. extraterrestres, seres elementales y bigfoots Joshua Cutchin,2016-09-26 Si hablamos de ovnis y comida enseguida nos viene a la mente el caso de Joe Simonton un criador de pollos de Wisconsin al que unos extraños seres llegados en una nave le

ofrecieron unas tortitas alien genas Pero la relaci n entre lo desconocido y los alimentos se reduce a casos anecd ticos como este O la aparici n de comida y bebida en los encuentros con lo desconocido tiene alg n sentido m s all de la casualidad En este sorprendente libro Joshua Cutchin realiza el primer estudio y an lisis mundial sobre los alimentos que extraterrestres seres elementales y bigfoots han ofrecido a lo largo de la historia a los testigos Los casos son muchos y muy variados y no todo es siempre lo que parece ser algunos l quidos tienen cualidades sanadoras o afrodis acas aparecen alimentos que expanden la conciencia y hay ung entos que revelan un mundo invisible Un banquete troyano aborda un aspecto de lo desconocido que hasta ahora hab a permanecido pr cticamente inexplorado y propone al respecto una novedosa hip tesis para explicar por qu estas extra as criaturas usan la comida en sus encuentros
