Handbook Of Research On Special Education Teacher Preparation:

Handbook of Research on Special Education Teacher Preparation Erica D. McCray, Elizabeth Bettini, Mary T. Brownell, James McLeskey, Paul T. Sindelar, 2023-12-22 The new edition of this landmark text expands our current understanding of teacher education broadly by providing an in depth look at the most up to date research on special education teacher preparation Offering a comprehensive review of research on attracting preparing and sustaining personnel to effectively serve students with disabilities it is fully updated to align with current knowledge and future perspectives on special educator development synthesizing what we can do to continue advancing as a field The Handbook of Research on Special Education Teacher Preparation is a great resource not only to special education faculty and the doctoral students they prepare but also to scholars outside of special education who address questions related to special education teacher supply demand and attrition

Handbook of Research on Special Education Teacher Preparation Paul T. Sindelar, Erica D. McCray, Mary T. Brownell, Benjamin Lignugaris/Kraft, 2014-03-05 Compilations of research on teacher preparation often include no more than a cursory mention of the specific roles and needs of special education teachers Although the work that special education teachers perform does indeed differ from the work of classroom teachers teacher preparation in the two fields has much in common The purpose of this seven part handbook is to expand our knowledge of teacher education broadly by providing an in depth look at the most up to date research on special education teacher preparation Opening chapters ground the collection in political and economic context while subsequent sections delve deeply into issues related to the current state of our special education workforce and offer insights into how to best prepare and sustain that workforce Ultimately by illuminating the particularities of special education teacher preparation this landmark handbook addresses the state of current research in the field and sets an agenda for future scholarship

Handbook of Research on Interdisciplinary Preparation for Equitable Special Education Slanda, Dena D., Pike, Lindsey, 2022-12-27 Collaborative approaches to special education that seek to provide innovative creative and novel ways to disrupt current structures and practices are necessary to move the field towards a more inclusive model for educating students with disabilities Multiple professionals are involved in interdisciplinary and multidisciplinary teams to develop and implement individualized education programs IEPs for students with disabilities extending the pool of stakeholders in special education far beyond the special education teacher Achieving a strong understanding between the multiple professions involved in IEP development and implementation will improve data based individualization the fidelity of program implementation and the sustainability of practices and services The Handbook of Research on Interdisciplinary Preparation for Equitable Special Education explores and highlights interdisciplinary personnel preparation to advance special education and enhance outcomes for students with disabilities This book also provides theories and frameworks examples and discussions around innovations and lessons learned from interdisciplinary preparation programs and practices Covering key topics such as
