Dymond, 2020-10-20 *The Autism Lens* helps teachers to connect to students with autism and support them along their own unique trajectory. Bringing to life communication difficulties that impact socialization and learning, this book removes the guesswork by offering practical solutions and classroom tested strategies. Woven throughout are stories that encourage teachers to see instruction from a student's point of view. From this perspective, teachers can gain trust and nudge students into the space where learning happens. **It's Never Just About The Behaviour** Claire English, 2024-05-31 Supports

teachers to approach behaviour management through a holistic and best practice approach grounded in research and understanding. **Mental Well Being** Liam Brown, AI, 2025-03-13 *Mental Well Being* explores how to nurture resilience and positive mental health in children. It focuses on three core pillars: mindfulness, emotional awareness, and social connections. These elements are presented as crucial for children to navigate life's challenges and manage stress effectively. The book highlights the increasing prevalence of anxiety and depression in youth, emphasizing the importance of proactive mental health support. The book uniquely combines scientific insights with practical strategies, offering evidence-based techniques to enhance children's well-being. It explores how mindfulness can improve focus, emotional literacy can aid in understanding feelings, and strong social bonds can foster empathy. These skills, the book argues, can be developed through consistent effort and guidance. The content progresses systematically, starting with core concepts and then delving into each pillar, concluding

with integration strategies for daily life Mental Well Being uses real world examples and case studies to ground theoretical concepts making it accessible to parents educators and anyone interested in child psychology The book emphasizes that a child s mental health is influenced by biological psychological and social factors It provides actionable solutions to foster positive mental health outcomes in children drawing from research in psychology education and neuroscience
