Addicted? Marilyn Freimuth, 2008-05-29 Despite our associating addictions with crazy out of control behavior most

addictions go unrecognized Those who suffer from addictions often misinterpret their symptoms as a sign of some other problem Health care professionals who are entrusted by society to identify such problems routinely fail to do so When addictions are recognized they are confined to substance use which overlooks the wide array of activities that engage people in an addictive manner Further when addictions are detected they are in their most advanced and difficult to treat phases In large part this is due to the all or none way we think about addiction either you are addicted or not In reality an addiction does not emerge fully formed what starts out as just having fun gradually over time becomes a problem To limit the devastation created by late stage addictions and reap the benefits of early detection this book provides questionnaires that screen for a wide array of chemical and behavioral addictions at all stages of development Much in the same way we learned the early warning signs of cancer this book explores different ways to recognize the early and often subtle signs of addiction Unlike cancer where people rush to get treatment facing an addiction is associated with guilt and ambivalence To navigate these feelings and get help the book provides a step by step guide for how to prepare the addicted person be it oneself or someone else to change an addiction

From Curlers to Chainsaws Joyce Dyer, Jennifer Cognard-Black, Elizabeth MacLeod Walls, 2016-02-01 The twenty three distinguished writers included in *From Curlers to Chainsaws* invite machines into their lives and onto the page. In every room and landscape these writers occupy gadgets that both stir and stymie: may be found a Singer sewing machine, a stove, a gun, a vibrator, a prosthetic limb, a tractor, a Dodge Dart, a microphone, a smartphone, a stapler, a No. 1 pencil, and of course a curling iron and a chainsaw. *From Curlers to Chainsaws* is a groundbreaking collection of lyrical and illuminating essays about the serious, silly, seductive and sometimes sorrowful relationships between women and their machines. This collection explores in depth objects we sometimes take for granted, focusing not only on their functions but also on their powers to inform identity. For each writer the device moves beyond the functional to become a symbolic extension of the writer's own mind, altering and deepening each woman's concept of herself.

Trauma Made Simple Jamie Marich, 2014-03-05 In *Trauma Made Simple*, trauma expert Dr. Jamie Marich brings her practical style of training to print, using clinical common sense to wade through theory, research, and hype surrounding trauma. Learn about trauma in a way that is relevant to clinical work, including extensive coverage on PTSD and other diagnoses through a bio-psycho-social-spiritual lens. Make clinically informed decisions based on setting, client preparedness, and other contextual variables. Develop strategies for treatment planning based on the best possible treatments in the field today. *Trauma Made Simple* addresses a variety of issues that are imperative to trauma competency in clinical work, including how to handle grief and mourning, assessing for and addressing addiction, even if you are not an addiction counselor, and how to manage professional development issues, including self-care.

How to Survive Death and Other Inconveniences Sue William Silverman, 2020-03-01 Many are haunted and obsessed by their own eventual deaths, but perhaps no one as much as Sue William Silverman. This thematically linked collection of essays charts Silverman's attempt to confront her fears of that ultimate unknown. Her dread was fomented in part by a sexual assault hidden for years that led to an awareness that death and sex are in some ways inextricable in everyday reality; many women know too well. Through gallows humor, vivid realism, and fantastical speculation, *How to Survive Death and Other Inconveniences* explores this fear of death and the author's desire to survive it. From cruising New Jersey's industry-blighted landscape in a gold Plymouth to visiting the emergency room for maladies both real and imagined, to suffering the stifling strictness of an intractable piano teacher, Silverman guards her memories for the same reason: she resurrects archaic words to use as talismans to ward off the inevitable. Ultimately, Silverman knows there is no way to survive death physically. Still, through language, commemoration, and metaphor, she searches for a sliver of transcendent immortality.
