Unconditionally, Cultivate Self-Worth, Self-Compassion and Self-Confidence Ingrid Lindberg, If somebody caught you checking out this book right now peered over your shoulder and asked you so what do you want to buy how would you answer them If you re like most people you might launch into an explanation that self love is having high self esteem a roaring sense of self confidence the belief that you can do anything you want etc You may say that you want this book because you want to feel better about who you are and to stop being so hard on yourself Or if you re like me you ll say nothing and get a little red in the face What could be more embarrassing than reading a self help book about learning to love yourself right Well why Why is it so strange a topic and why does this book even exist at all Do you ever see books about how to love your wife husband or how to love your kids My theory is that we live in a world where it s completely normal to be hard on ourselves Think about it for a minute Every one of us has experienced ruthless competitiveness rejection from those we love and admire disappointments in our abilities and the constant message from the media that our lives and by extension we ourselves are just no good unless we re constantly buying the latest gadgets dieting or accumulating wealth We like to call this way of treating ourselves realistic Maybe we believe that it keeps us on our toes always hungry to improve and fix ourselves Maybe we just assume that love is something we have to earn but only once we re awesome enough Here I m going to ask you how much you love yourself Be honest Rate your self love on a scale of 1 to 10 One represents the feeling you reserve for dog poo on the bottom of your shoe or that particular wave of emotions directed at people who loudly crinkle packets in cinemas Five is so so You don t have a massive crush on you or anything but you wouldn t exactly invite you out for dinner Ten is big fat extra cheesy extra gooey self love of the highest order and yes you ll be closer to that 10 by the time you reach the end of the 6 weeks Here s how to use this book The book is divided into 6 weeks covering the main pillars of self love and in each of those weeks you ll find 3 separate sections to sink your teeth into 1 Introspection My favorite section here we ll do a guided self analysis Self enquiry is the most powerful tool to personal growth 2 A New Habit Positive small habits add up over time In this section we ll look at ways to taking the things you read and learn during these 6 weeks and making them actually come alive in your own life by developing new small and realistic habits 3 Taking Action After 7 days of trying on a new habit you should be feeling pretty good This section will be about making a single serious action or decision that reflects our new sense of self love each day Keywords self love books self love workbook for women self love club self love for teen girls self love workbook for teen girls self love workbook for teens self love journal self awareness for women self improvement books confidence boosting Love Yourself Tatiana Busan,2024-11-16 Loving yourself should always be a priority You should put yourself above everything else Taking care of yourself brings peace and happiness It helps you face challenges with courage and come out of them successfully The moment you stop loving yourself you start losing happiness and your inner peace A person with a strong sense of self love is more likely to have a healthier relationship and face life s challenges with greater resilience Self love is the kind of love that can never end It is the kind of love that makes you find

happiness Self love is important if you want to attract love into a relationship You cannot truly love a person if you do not love yourself first To let love into your life you must first love yourself The most important relationship you can have is not with your loved one but with yourself When you don t love yourself it doesn t take much to not love everything around you and to get caught up in the judgments the reproaches that make life seem unhappy and aimless In life there are moments when we have a failure a rejection an abandonment a suffering But this is not a reason to hate yourself or think you are not worthy Understanding how to love yourself can help you deal with failure rejection pain rebuild your self confidence and enjoy a better life Self love means being able to see your own value When you love yourself you don t need other people to confirm your value By changing the way you see yourself you can actively reshape your personality and change the opportunities you attract You must understand that you have the ability to change your life You are the only one responsible for your life your actions and your happiness Love for yourself is the greatest gift you can give yourself Start today to change the way you communicate with yourself or show yourself the same compassion you would with a person you love Have you forgotten to think about yourself are you no longer happy do not recognize your value Then it s time you learned to make yourself a priority Here s what you ll find inside
