Guide Audiences Correctionnelles 2016 2017:

The Palgrave Handbook of Global Rehabilitation in Criminal Justice Maurice Vanstone, Philip Priestley, 2022-11-22
This handbook provides a unique overview of rehabilitation as practiced internationally in criminal justice Through the contributions of a diverse group that includes among others academics some of whom are former practitioners research students a judge and a probation chief it reflects common features of criminal justice in different countries and documents their diversity and celebrates their vitality In recent times the idea of law and order has been expropriated by populist authoritarian and doctrinaire regimes almost always and nearly everywhere in the service of arbitrary and unjust rule By and large this handbook does not include such regimes But law itself also has the capacity to constrain rulers and order in the form of social peace is a universally approved civic asset In part the book provides a counter narrative demonstrating that although criminal justice dispositions such as probation prisons and parole can be represented as a *via dolorosa* rehabilitation as illustrated in these pages can become a journey that leads by degrees towards the possibility of a better life The handbook will be of interest to students academics practitioners managers policy makers and all those who wish to gain insight into the why and the how of rehabilitation in criminal justice systems across the world
