Typology of Writing Systems Susanne R. Borgwaldt, Terry Joyce, 2013-06-15 Typology research is extremely important in both proposing classification frameworks and in promoting the careful investigation and analysis of the core concepts inherent within the classification contrasts employed More exemplary of the latter aspect the present collection of papers on the typology of writing systems address a number of significant linguistic and psycholinguistic issues surrounding the classification of writing systems The seven contributions within this volume which originally appeared as a special issue of Written Language and Literacy 14 1 2011 cover a wide variety of

issues ranging from an overview of writing system typology research comparative graphematics letter shape similarities the morphographic principle tone orthography typology measuring graphematic transparency to unconventional spellings within online chat Reflecting the growing interest in writing the book will be of interest to advanced students and researchers working on writing systems written language and reading research *Acts of Reading* Hiroshi Nara, Mari Noda, 2002-09-30 Students who have completed a year of German read Brecht in their second year those of Spanish read Cervantes Teachers of first and second year Japanese can often find nothing comparable Why aren't your students reading literature they are asked Why not Soseki Or Murakami What are instructors of Japanese doing wrong Nothing according to the authors of this volume Rather they argue such questions exemplify the gross misunderstandings and unreasonable expectations of teaching reading in Japanese In *Acts of Reading* the authors set out to explore what reading is for Japanese as a language and how instructors should teach it to students of Japanese They seek answers to two questions What are the aspects of reading in Japan as manifested in Japanese society What L2 second language reading problems are specific to Japanese In answering the first and related questions the authors conclude that reading is a socially motivated purposeful act that is savored and becomes a part of people's lives Reading instruction in Japanese therefore should include teaching students how to work with text as the Japanese do in Japanese society The second question relates more directly to traditional concerns in L2 reading The authors begin with a general theory of reading They then offer a welcome glimpse into the rich and complex perspectives sometimes conflicting other times symbiotic on what reading is and how it is performed in L1 and L2 and most importantly on the web of interconnections between the phenomenology of reading and the demands it places on teaching approaches to reading in Japanese With essays by Charles J Quinn Jr Fumiko Harada and Chris Brockett Foreword by J Marshall Unger

The Palgrave Handbook of Humour, History, and Methodology Daniel Derrin, Hannah Burrows, 2021-01-12 This handbook addresses the methodological problems and theoretical challenges that arise in attempting to understand and represent humour in specific historical contexts across cultural history It explores problems involved in applying modern theories of humour to historically distant contexts of humour and points to the importance of recognising the divergent assumptions made by different academic disciplines when approaching the topic It explores problems of terminology identification classification subjectivity of viewpoint and the coherence of the object of study It addresses specific theories together with the needs of specific historical case studies as well as some of the challenges of presenting historical humour to contemporary audiences through translation and curation In this way the handbook aims to encourage a fresh exploration of methodological problems involved in studying the various significances both of the history of humour and of humour in history
