1. What new suffering must Antigone and Ismene endure?

Creon has ordered that their brother, Polynices, is not to be given a proper burial.

2. Contrast Ismene and Antigone in terms of their character traits.

Antigone is determined, willful, ready to face death. She does what she believes is right to protect her honor. Ismene is passive, obedient, and feels she is powerless against the state.

3. What does Antigone plan to do? Why? What consequences will she face?

She will bury her brother because it is the will of the gods that a family gives its members a proper burial. She will face the punishment of death for disobeying Creon's order.

4. What background information does the chorus provide as they express gratitude for the peace in Thebes?

Polynices formed an army and attacked Thebes. His brother Eteocles stayed loyal to Creon

The English Teacher Joseph E. Mersand,1977 **The Antigone of Sophocles** Sophocles,1901 **How Greek Tragedy Works** Brian Kulick,2020-12-30 How Greek Tragedy Works is a journey through the hidden meanings and dual nature of Greek tragedy drawing on its foremost dramatists to bring about a deeper understanding of how and why to engage with these enduring plays Brian Kulick dispels the trepidation that many readers feel with regard to classical texts by equipping them with ways in which they can unpack the hidden meanings of these plays He focuses on three of the key texts of Greek theatre Aeschylus Agamemnon Euripides The Bacchae and Sophocles Electra and uses them to tease out the core principles of the theatre making and storytelling impulses By encouraging us to read between the lines like this he also enables us to read these and other Greek tragedies as artists manifestos equipping us not only to understand tragedy itself but also to interpret what the great playwrights had to say about the nature of plays and drama This is an indispensable guide for anyone who finds themselves confronted with tackling the Greek classics whether as a reader scholar student or director

Lacan and the Limits of Language Charles Shepherdson,2009-08-25 Stages refreshing encounters between Lacanian psychoanalysis and its others Kristeva Heidegger Derrida or Foucault to name just a few thinkers Ewa Ziarek author of An Ethics of Dissensus This book weaves together three themes at the intersection of Jacques Lacan and the philosophical tradition The first is the question of time and memory How do these problems call for a revision of Lacan's purported ahistoricism and how does the temporality of the subject in Lacan intersect with the questions of temporality initiated by Heidegger and then developed by contemporary French philosophy The second question concerns the status of the body in Lacanian theory especially in connection with emotion and affect which Lacanian theory is commonly thought to ignore but which the concept of jouissance was developed to address Finally it aims to explore beyond the strict limits of Lacanian theory possible points of intersection between psychoanalysis and other domains including questions of race

biology and evolutionary theory The book also engages literary texts Antigone Ovid's Metamorphoses Hamlet and even Wordsworth become the muses who oblige psychoanalysis and philosophy to listen once again to the provocations of poetry which always disrupts our familiar notions of time and memory of history and bodily or affective experience and of subjectivity itself Shepherdson shows with admirable clarity cogency and competence that psychoanalysis finds an anthropology of love hate desire beauty fantasy and memory while keeping its cutting edge in today's discussions of war race sexual difference and tragedy Thanks to him thinking with Lacan becomes an act of enlightenment Jean Michel Rabat author of Lacan in America
