Abortion Law in Transnational Perspective Rebecca J. Cook,Joanna N. Erdman,Bernard M. Dickens,2014-09-12 It is increasingly implausible to speak of a purely domestic abortion law as the legal debates around the world draw on precedents and influences of different national and regional contexts While the United States and Western Europe may have been the vanguard of abortion law reform in the latter half of the twentieth century Central and South America are proving to be laboratories of thought and innovation in the twenty first century as are particular countries in Africa and Asia Abortion Law in Transnational Perspective offers a fresh look at significant transnational legal developments in recent years examining key judicial decisions constitutional texts and regulatory reforms of abortion law in order to envision ways ahead The chapters investigate issues of access rights and justice as well as social constructions of women sexuality and pregnancy through different legal procedures and regimes They address the promises and risks of using legal procedure to achieve reproductive justice from different national regional and international vantage points how public and courtroom debates are framed within medical religious and human rights arguments the meaning of different narratives that recur in abortion litigation and language and how respect for women and prenatal life is expressed in various legal regimes By exploring how legal actors advocate regulate and adjudicate the issue of abortion this timely volume seeks to build on existing developments to bring about change of a larger order Contributors Luis Roberto Barroso Paola Bergallo Rebecca J Cook Bernard M Dickens Joanna N Erdman Lisa M Kelly Adriana Lama kov Julieta Lemaitre Alejandro Madrazo Charles G Ngwena Rachel Rebouch Ruth Rubio Mar n Sally Sheldon Reva B Siegel Ver nica Undurraga Melissa Upreti
