

guided REading tips

- ✿ Use assessments to guide and target specific skills and strategies.
- ✿ Guided Reading groups should be fluid and constantly changing, based on the needs of the students.
- ✿ Teach to the student's instructional reading level, which should be a little more difficult.
- ✿ Be an active listener, guide and facilitator, during each guided reading group.
- ✿ Celebrate errors and provide opportunities for a growth mindset!

has a unique history as a learner In *One Child at a Time* experienced literacy specialist and consultant Pat Johnson provides a framework she has used in numerous K 6 classrooms to help teachers understand and assist individual children The four step process outlined in the book enables teachers to focus carefully on specific strategies and behaviors analyze them with theoretical and practical lenses design targeted instruction in keeping with current research on reading process and then assess and refine the teaching in conferences with the child The framework is by no means an easy answer to a difficult problem but through its use teachers learn how the reading process works for proficient readers and how to support struggling readers as they construct their own reading process The text is packed with examples of actual conferences with students detailing how and when Pat and her colleagues intervene to instruct and assess The examples of follow up assessment and analysis of struggling readers over days and weeks provide an indispensable model for teachers Pat shows how to use this framework successfully with a range of learners including young children English language learners and students in the upper elementary grades who are stalled in their literacy progress She builds upon her decades of work as a classroom teacher literacy specialist and consultant in schools with high poverty and diversity to demonstrate how this framework can be useful in any setting Debates in English Teaching Jon Davison,Caroline Daly,John Moss,2010-12-15

What are the key debates in English teaching today *Debates in English Teaching* explores the major issues all English teachers encounter in their daily professional lives It engages with established and contemporary debates promotes and supports critical reflection and aims to stimulate both novice and experienced teachers to reach informed judgements and argue their point of view with deeper theoretical knowledge and understanding Key issues debated include the professional identity of English teachers attitudes to correctness in grammar and standard English the importance of the media and new technologies social class and literacy the nature of the dialogic classroom the role of wider reading the politics of early literacy With its combination of expert opinion and fresh insight *Debates in English Teaching* is the ideal companion for all student and practising teachers engaged in initial training continuing professional development and master s level study

Primary English Curriculum Guide Christine Moorcroft,Ray Barker,2013-11-26 First Published in 2001 The purpose of this curriculum guide is to help student teachers and newly qualified teachers to make a start on learning how to become competent teachers of English Despite the emphasis given in training courses to the teaching of English newly qualified teachers often feel underprepared for it and frequently mention their concerns about this These concerns can be partly explained by a general lack of confidence in this key area and partly by widespread media and political criticism of the teaching of literacy It is also because it is often difficult for a student to make the connection between observation of key teaching strategies and his or her own personal practice Evaluating Literacy Instruction Rachael E. Gabriel,Richard L. Allington,2017-09-19 This must read book for all literacy educators illuminates the intersection of research on literacy instruction and teacher evaluation Since 2009 46 states have changed or revised policies related to evaluating teachers and

school leaders In order for these new policies to be used to support and develop effective literacy instruction resources are needed that connect the best of what is known about teaching literacy with current evaluation policies and support practices A major contribution to meeting this need the volume brings together a range of perspectives on tools systems and policies for the evaluation of teaching organized into two sections Crafting Systems and Policies for Evaluating Literacy Instruction Examples of Alternative Systems Approaches for Evaluating Literacy Instruction Across the text expert scholars in the field emphasize the need for literacy professionals to do more than merely apply generic observation instruments for teacher evaluation but also to consider how these tools reflect professional values how elements of effective literacy instruction can be unearthed or included within them and how teacher evaluation systems and policies can be used to increase students opportunities to develop literacy
