

HANNAH ARENDT

A REINTERPRETATION OF
HER POLITICAL THOUGHT

MARGARET CANOVAN

Hannah Arendt A Reinterpretation Of Her Political Thought

Martin Blumenthal-Barby

Hannah Arendt A Reinterpretation Of Her Political Thought:

Hannah Arendt Margaret Canovan,1992 A reinterpretation of the political thought of Hannah Arendt strengthening Arendt s claim to be regarded as one of the most significant political thinkers of the twentieth century **Hannah Arendt** Margaret Canovan,1994 **The Reluctant Modernism of Hannah Arendt** Seyla Benhabib,2003 Interpreting the work of one of the most influential thinkers of the 20th century The Reluctant Modernism of Hannah Arendt rereads Arendt s political philosophy in light of newly gained insights into the historico cultural background of her work Arguing against the standard interpretation of Hannah Arendt as an anti modernist lover of the Greek polis author Seyla Benhabib contends that Arendt s thought emerges out of a double legacy German Existenz philosophy particularly the thought of Martin Heidegger and her experiences as a German Jewess in the age of totalitarianism This important volume reconsiders Arendt s theory of modernity her concept of the public sphere her distinction between the social and the political her theory of totalitarianism and her critique of the modern nation state including her life long involvement with Jewish and Israeli politics Hannah Arendt and the Jewish Question Richard J. Bernstein,2013-05-28 Hannah Arendt is increasingly recognised as one of the most original social and political thinkers of the twentieth century In this important book Richard Bernstein sets out to show that many of the most significant themes in Arendt s thinking have their origins in their confrontation with the Jewish Question By approaching her mature work from this perspective we can gain a richer and more subtle grasp of her main ideas Bernstein discusses some of the key experiences and events in Arendt s life story in order to show how they shaped her thinking He examines her distinction between the Jewish parvenu and the pariah and shows how the conscious pariah becomes a basis for understanding the independent thinker Arendt s deepest insights about politics emerged from her reflections on statelessness which were based on her own experiences as a stateless person By confronting the horrors of totalitarianism and the concentration camps Arendt developed her own distinctive understanding of authentic politics the politics required to express our humanity and which totalitarianism sought to destroy Finally Bernstein takes up Arendt s concern with the phenomenon of the banality of evil He follows her use of Eichmann in order to explore how the failure to think and to judge is the key for grasping this new phenomenon Hannah Arendt and the Jewish Question offers a new interpretation of Arendt and her work one which situates her in her historical context as an engaged Jewish intellectual **Hannah Arendt** Larry May,Jerome Kohn,1996 This collection of essays brings Arendt s work into dialogue with contemporary philosophical views

Public Space and Political Experience David Antonini,2021-04-30 Contemporary politics is dominated by discussions of rights and liberties as the proper subjects about which citizens should be concerned in the political sphere In Public Space and Political Experience An Arendtian Interpretation David Antonini argues that Hannah Arendt conceived of politics differently and that her thought can help us retrieve a more authentic sense of politics as the site where citizens can speak and act together about matters of shared concern Antonini shows that citizens can experience politics together if they

approach it not as a realm where privately interested individuals compete for their rights or liberties but instead as a space where plural human beings come together as distinct yet equal creatures Antonini argues that if we read Arendt as primarily concerned with political experience we can reimagine common political concepts such as freedom power revolution and civil disobedience The book posits that politics should be considered a fundamental form of human experience one rooted in what Arendt refers to as the existential condition of politics human plurality If plurality is the existential condition out of which our political life emerges we can enliven and reimagine the possibilities that political life can provide for contemporary citizens

Jews Out of the Question Elad Lapidot,2020-11-01 In post Holocaust philosophy anti Semitism has come to be seen as a paradigmatic political and ideological evil Jews Out of the Question examines the role that opposition to anti Semitism has played in shaping contemporary political philosophy Elad Lapidot argues that post Holocaust philosophy identifies the fundamental epistemological evil of anti Semitic thought not in thinking against Jews but in thinking of Jews In other words what philosophy denounces as anti Semitic is the figure of the Jew in thought Lapidot reveals how paradoxically opposition to anti Semitism has generated a rejection of Jewish thought in post Holocaust philosophy Through critical readings of political philosophers such as Adorno Horkheimer Sartre Arendt Badiou and Nancy the book contends that by rejecting Jewish thought the opposition to anti Semitism comes dangerously close to anti Semitism itself and at work in this rejection is a problematic understanding of the relations between politics and thought a troubling political epistemology Lapidot's critique of this political epistemology is the book's ultimate aim

Arendt: A Guide for the Perplexed Karin A. Fry,2009-06-09 The author examines the most important theories of Hannah Arendt's work as well as the main controversies surrounding it

Beyond the Enlightenment Roger A. Salerno,2004-07-30 Important ideas that helped shape 20th century thought ideas which continue to hold great significance for anyone interested in the social world are made accessible in this illuminating volume Readers will be motivated to delve into the deeper pool of knowledge available on major social theorists and their groundbreaking ideas A mixture of biographical and historical ideas this book was written to introduce social theory to a broad audience It looks at the intersection between the theorist as a social actor and as a reflection of his or her time The volume's breadth makes it a useful tool for those interested in sociology and its many luminaries

Forgiveness: Promise, Possibility, & Failure ,2020-05-18 This interdisciplinary collection explores the wealth of nuances surrounding the concept and practice of forgiving The essays within this work ask what it means to forgive what constitutes an appropriate space to forgive what is to be expected of the victim and wrongdoer what actions must be connected to political forms of forgiveness

Critical Theorists and International Relations Jenny Edkins,Nick Vaughan-Williams,2009-02-10 A wide range of critical theorists is used in the study of international politics and until now there has been no text that gives concise and accessible introductions to these figures Critical Theorists and International Relations provides a wide ranging introduction to thirty two important theorists whose work has been influential in thinking about global politics Each chapter is written by an expert

with a detailed knowledge of the theorist concerned representing a range of approaches under the rubric critical including Marxism and post Marxism the Frankfurt School hermeneutics phenomenology postcolonialism feminism queer theory poststructuralism pragmatism scientific realism deconstruction and psychoanalysis Key features of each chapter include a clear and concise biography of the relevant thinker an introduction to their key writings and ideas a summary of the ways in which these ideas have influenced and are being used in international relations scholarship a list of suggestions for further reading Written in engaging and accessible prose Critical Theorists and International Relations is a unique and invaluable resource for undergraduates postgraduates and scholars of international relations

Intimate Strangers Andreea Deciu Ritivoi, 2014-09-09 Hannah Arendt Herbert Marcuse Alexander Solzhenitsyn and Edward Said each steered major intellectual and political schools of thought shaping American political discourse after World War II Yet none of them was American and this was crucial to their thinking which relied on ways of arguing and reasoning that stand both inside and outside of the American context In an effort to convince their audiences they were American enough these thinkers deployed deft rhetorical strategies that made their cosmopolitanism feel acceptable inspiring radical new approaches to longstanding problems in American politics Speaking like natives they also exploited their foreignness to entice listeners to embrace alternative modes of thought Intimate Strangers unpacks this stranger ethos a blend of detachment and involvement that manifested in the persona of a prophet for Solzhenitsyn an impartial observer for Arendt a mentor for Marcuse and a victim for Said Despite its many successes though the stranger ethos did alienate audiences and many critics continue to dismiss these thinkers not for their positions but because of their foreign point of view This book concludes with an appeal to reject this kind of xenophobia throwing support behind a political discourse that accounts for the ideals of both citizens and noncitizens

The Ethics of Citizenship in the 21st Century David Thunder, 2017-03-08 This collection of essays offers thoughtful discussions of major challenges confronting the theory and practice of citizenship in a globalized socially fragmented and multicultural world The traditional concept of citizenship as a shared ethnic religious and or cultural identity has limited relevance in a multicultural world and even the connection between citizenship and national belonging has been put in jeopardy by increasing levels of international migration and mobility not to mention the pervasive influence of a global economy and mass media whose symbols and values cut across national boundaries Issues addressed include the ethical and practical value of patriotism in a globalized world the standing of conscience claims in a morally diverse society the problem of citizen complicity in national and global injustice and the prospects for a principled acceptance by practising Muslims of a liberal constitutional order In spite of the impressive diversity of philosophical traditions represented in this collection including liberalism pragmatism Confucianism Platonism Thomism and Islam all of the volume's contributors would agree that the crisis of modern citizenship is a crisis of the ethical values that give shape form and meaning to modern social life This is one of the few edited volumes of its kind to combine penetrating ethical discussion with an impressive breadth of philosophical traditions and approaches

Chapters What is the use of an Ethical Theory of Citizenship and An Ethical Defense of Citizenship are available open access under a Creative Commons Attribution 4.0 International License via link.springer.com

Arendt, Kant, and the Enigma of Judgment Martin Blumenthal-Barby, 2022-10-15 A nuanced extrapolation of Hannah Arendt's theory of judgment through her highly provocative reading of Immanuel Kant More than a half century after it was first published Hannah Arendt's *Origins of Totalitarianism* rose to the top of best seller lists as readers grappled with the triumph of Trumpism Arendt Kant and the Enigma of Judgment directs our attention to her later thought the posthumously published and highly provocative *Lectures on Kant's Political Philosophy* Martin Blumenthal-Barby puts this work in dialogue with Arendt's other writings including her notes on Kant's *Critique of Judgment* to outline her own theory of judgment for the twentieth century In an era of post truths and artificial intelligence the idea that authentic judgment for example the ability to distinguish right from wrong is incommensurable with abstract automated processes lies at the center of Arendt's late work and at the fore of our collective reckoning Rather than presenting us with a fixed account Blumenthal-Barby suggests Arendt's drawing and redrawing of conceptual distinctions is itself an enactment of judgment a process that challenges and complicates what she says at every turn In so doing Arendt in thoroughly Kantian fashion establishes judgment as a performative category that can never be taught but only demonstrated As sharp as it is timely this incisive book reminds us why a shared reality matters in a time of intense political polarization and why the democratic project vulnerable as it may appear today crucially depends on it

Handbook of the History of the Philosophy of Law and Social Philosophy Gianfrancesco Zanetti, Mortimer Sellers, Stephan Kirste, 2023-03-28 This Handbook discusses representative philosophers in the history of the philosophy of law and social philosophy giving clear concise expert definitions and explanations of key personalities and their ideas It provides an essential reference for experts and newcomers alike

On Agamben, Arendt, Christianity, and the Dark Arts of Civilization Peter Iver Kaufman, 2019-10-17 Many progressives have found passages in Augustine's work that suggest he entertained hopes for meaningful political melioration in his time They also propose that his political theology could be an especially valuable resource for an ethics of democratic citizenship or for hopeful citizenship in our times Peter Kaufman argues that Augustine's political theology offers a compelling radical alternative to progressive politics He chronicles Augustine's experiments with alternative polities and pairs Augustine's criticisms of political culture with those of Giorgio Agamben and Hannah Arendt This book argues that the perspectives of pilgrims Augustine refugees Agamben and pariahs Arendt are better staging areas than the perspectives and virtues associated with citizenship and better for activists interested in genuine political innovation rather than renovation Kaufman revises the political legacy of Augustine aiming to influence interdisciplinary conversations among scholars of late antiquity and twenty first century political theorists ethicists and practitioners

The German Revolution and Political Theory Gaard Kets, James Muldoon, 2019-05-02 This book is the first collection within political theory to examine the ideas and debates of the German Revolution of 1918-19 It discusses the

political theorists and actors of the revolution and uncovers an incredibly fertile body of political thought Revolutionary events led to the proliferation of new political strategies theoretical insights and institutional proposals Key questions included the debate between a national assembly and a council system the socialisation of the economy the development of new forms of political representation and the proper role of parliaments political parties and trade unions This book offers novel perspectives on the history of the revolution a thorough engagement with its main thinkers and an analysis of its relevance for contemporary political thought

Reflections on Commercial Life Patrick Murray, 2014-06-11 Reflections on Commercial Life an anthology of writings from the ancient Greeks to contemporary thinkers provides students scholars and general readers an opportunity to develop a more self conscious and critical relationship to commercial life Selections are drawn from seminal works of high intellectual and literary quality Through an inquiry into history nature and outcomes this volume offers the opportunity to explore as never before alternatives to modern commercial life

Classics Transformed in Jewish, Israeli, and Palestinian Receptions , 2025-02-19 Classics Transformed in Jewish Israeli and Palestinian Receptions invites the reader to view classical antiquity through the writings of poets translators and scholars emerging from modern Jewish diasporas Mandatory Palestine and the State of Israel who engaged with Greek and Roman literary precedents Whereas these voices have up to now been mostly studied independently of one another as separate fields of research this volume brings some of these distinct voices who nevertheless share a connection to Greco Roman antiquity into conversation with one another Taking its cue from the crisis of humanism following the Holocaust the chapters take as their themes the destruction of home displacement and different forms of wandering and homecomings drawing connections to acts of translation and transmission of the classics to form a picture of cultural and textual states of alterity The volume shows that Jewish Israeli and Palestinian responses to the classics are entangled and even complementary despite their different trajectories The chapters included here focus particularly on critical moments in Jewish and Palestinian existence when the reception of classical humanism is closely linked to issues of survival On offer here is a historically grounded investigation into the ways Jews Israelis and Palestinians have used classical antiquity and classical philology to validate their identity in a rapidly changing society

The Bloomsbury Encyclopedia of Philosophers in America John R. Shook, 2016-02-11 For scholars working on almost any aspect of American thought The Bloomsbury Encyclopedia to Philosophers in America presents an indispensable reference work Selecting over 700 figures from the Dictionary of Early American Philosophers and the Dictionary of Modern American Philosophers this condensed edition includes key contributors to philosophical thought From 1600 to the present day entries cover psychology pedagogy sociology anthropology education theology and political science before these disciplines came to be considered distinct from philosophy Clear and accessible each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading Featuring a new preface by the editor and a comprehensive introduction The

Bloomsbury Encyclopedia to Philosophers in America includes 30 new entries on twenty first century thinkers including Martha Nussbaum and Patricia Churchland With in depth overviews of Waldo Emerson Margaret Fuller Noah Porter Frederick Rauch Benjamin Franklin Thomas Paine and Thomas Jefferson this is an invaluable one stop research volume to understanding leading figures in American thought and the development of American intellectual history
